## GENERAL STATEMENT.

Dana College and Trinity Seminary is owned and supported by The United Danish Evangelical Lutheran Church in America. It is a denominational institution and as such aims to serve, primarily, the interests of the Lutheran Church, but its doors are open to all who desire a liberal education based upon the Christian spirit. Its original scope was that of a school for the education of ministers of the gospel.

But at the third annual convention of the United Danish Evangelical Lutheran Church in America, held at Hutchinson, Minn., in 1899, it was decided to unite the two official Schools of the church, the College at Elk Horn, Ia., and Trinity Seminary at Blair, Nebr., thus making the aim of this school not only to prepare young men for the ministry, but also directly or indirectly to train young men and women for other professions and occupations.

Its courses of instruction are according to approved models, and qualitatively the instruction aims to be in the front rank. The English language is used as a medium of instruction, except in Danish language, history, and literature and most of the theological branches, nevertheless Danish naturally occupies a prominent position in the curriculum of Dana College and Trinity Seminary.

The location leaves little to be desired in accessibility, healthfulness, and beauty of surroundings.

It is the object of those in charge to throw about the student all forces that favor a healthy and harmonious physical, mental, and moral development.

### COMMERCIAL DEPARTMENT.

Students may enter this department at any time, but the best results will be obtained by entering at the beginning of the school year or at the opening of a term. Individual instruction is given to all students as they may require. Upon the satisfactory completion of this course of study the student is granted a diploma.

### BOOK-KEEPING AND ACTUAL BUSINESS.

Book-keeping  
Actual Business  
Commercial Law  
Penmanship  
Letter Writing

Commercial Arithmetic  
Civics  
Spelling  
English Grammar  
Debating

Business is begun with a cash capital of \$5,000 (Coll. Currency). The student progresses step by step from simple transactions to complicated ones, and is taught business forms and customs, such as commercial paper, invoice, billing, etc. A thorough knowledge is gained in both single and double entry book-keeping. The student learns to do by doing.

**Commercial Law.** Every up-to-date business man needs a knowledge of commercial law. Special study of the subject is made under the following heads: Contract, negotiability, principal and agent, common carriers, bailment, partnership, corporations, wills and testaments, guaranty and warranty.

**Penmanship.** A legible, rapid, and elegant handwriting is very desirable to any one starting out on a business career. This end is attained by persistent daily practice under competent instructors. The system used gives movements leading to easy and graceful execution and form. Legibility, rapidity, and beauty are the ends sought.

**Letter-writing.** The student is taught business letters and forms. He is given exercises in correcting arrangements and style, and in writing letters relating to special subjects.

**Commercial Arithmetic.** The purpose of this subject is to train the student in the arithmetical principles and processes underlying ordinary business transactions.

**Rapid Calculation.** There are a thousand and one byways and shortcuts in arithmetic of inestimable value to all. We have daily drills in shortcut processes in rapid column addition, short methods in multiplication, division, fractions, percentage etc.

**Civics.** A knowledge of this subject is invaluable to every American citizen. The Constitution of the United States, principles of government etc. are taught.

**Spelling.** Every business man should know how to spell correctly. We have daily drills in spelling, word study, pronunciation, and diacritical markings.

**Grammar.** Thorough work is given in composition, grammatical and rhetorical principles, punctuation, and structure of paragraphs.

**Debating.** Regular class work is given in debating, and the literary societies furnish excellent opportunities for developing the power to think and to speak on the living questions of the day.

### SHORTHAND AND TYPEWRITING COURSE.

Shorthand  
Spelling  
Pronunciation  
Mimeographing  
Grammar and Composition  
Typewriting

The student may take either the Amanuensis or the Reporting Course. The Amanuensis Course may be completed in from five to six months. The pupil must then be able to write business letters from dictation, and also to make a neat and correct transcription of his notes upon a typewriter.

The Reporting Course requires twelve Months for its completion. The pupil will then have acquired sufficient speed to enable him to report verbatim ordinary discourse. He will have practice in writing all kinds of difficult matter, and becomes a rapid manipulator of the typewriter.

Typewriting is taught by the touch system, Practice is given in writing wills, indentures, judgments, leases, contracts, correspondence in manufacturing, insurance, and wholesale and retail trade. Also instruction in tabulating, oiling and cleaning the machine etc.

A prominent business educator said recently: "If young men could understand what it means to take their dictation, to write their thoughts, to think as they think, to work, to invent, to plan, to execute, in complete accord with that which is brightest and best in business life, they would not hesitate to prepare for stenographic positions".

The school aids the student completing either of the above courses in securing positions.

### PHYSICAL TRAINING.

The gymnasium furnishes excellent opportunities for physical training. It contains good modern accommodations.

The courses offered should produce the following results: better health, a stronger and a more symmetrically developed body. A frail body is a poor servant of the mind. A normal physical basis for the mental faculties is necessary for the best mental growth.

All students are required to take gymnastics, except when excused for special reasons. Before entering the classes each student must take a physical examination. Those who are physically defective are given exercise adapted to their needs.

The College has good tennis courts which in pleasant weather afford good opportunities for outdoor recreation. Athletic contests are held every spring.

### DRAWING

is taught in several departments of the school. The course includes plain constructive and geometrical drawing—from objects and memory; perspective, both linear and aerial; and art drawing—with and without models.

### ART AND NEEDLE WORK.

Fancy work, oil and water colors.

### THE MUSIC DEPARTMENT.

This department offers comprehensive courses in vocal, instrumental, and theoretic music. The arrangement of courses secures a complete mastery of the branches undertaken, and cultivates in the student a high standard of musical taste.

The aim is to make a real musical education. The methods are the same used in the famous conservatories of the East, while the expenses are not more than one third as great. The department trains teachers, organists, choirleaders and music lovers in general.

The following subjects are taught:

Vocal culture, articulation, inflection, quality of tone, pitch, force, time, volume, power, pronunciation, study of recitations, gestures, oratory, etc.

## HØJSKOLEN.

**Religion.** Det er Skolens Formaal at øve en kristelig Indflydelse paa de unge, der samles her. Derfor ledes hele Undervisningen i en kristelig Aand, og det er vort Haab, at mange unge maa faa aandelig Velsignelse under deres Ophold her.

Da det er en Kendsgerning, at den dansk-amerikanske Ungdoms kristelige Undervisning er meget mangelfuld, vil Skolen gerne raade Bod herpaa ved at give saa megen Undervisning i Bibelkundskab og kristelig Lære som mulig for de Elever, som maatte føle Lyst og Trang dertil.

**Dansk Sprog.** Blandt de Kundskabsfag, som Højskolen arbejder med, indtager det danske Sprog den fornemste Plads. Vi anser det for at være af største Betydning, at Ungdommen bliver i Stand til at behandle Modersmaalet med Færdighed, og at Lysten vækkes hos dem til at faa Del i den Skat, som den danske Litteratur har i Eje.

Og skal vi beholde Ungdommen i vor danske Kirke, maa den i større Maal end hidtil sættes i Stand til at modtage aandelig Paavirkning paa Modersmaalet. Thi det er en Erfaring, man meget ofte gør, at ligesom de allerfleste, der indvandrer hertil, kun naar til at bruge det engelske Sprog i meget ringe Udstrækning, saaledes lærer deres Børn kun meget ufuldkomment Faders og Moders Sprog at kende. Her har Højskolen en vigtig Opgave.

**Engelsk Sprog.** Næst efter Dansk anses det engelske Sprog for det vigtigste for Højskoleeleven. Der undervises paa det grundigste i engelsk Læsning, Stavning og Grammatik. Disse Fag er absolut nødvendige for en fuldstændig Forstaaelse af Sproget. Foruden disse Fag arbejdes der med engelsk Stil for at indøve Eleverne i Sprogbrugen og Retskrivningen. Saadanne, som nylig er kommen til Landet, vil her kunne lære det engelske Sprog. Undervisningen ledes af Lærere, der har mange Aars Erfaring i at lære Begyndere at tale, læse og skrive det engelske Sprog.

**Historie og Litteratur.** Da vi anser det for et værdifuldt Led i Menneskets Udvikling at have Forstaaelse af Historie og Litteratur, betragter vi Arbejdet hermed som Højskolens fjerde Hovedopgave. Særlig lægger vi Vægt paa at

føre de unge ind i Danmarks og Amerikas Historie og Litteratur.

**Bibelklasser** vil altid forefindes for saadanne, der har Lyst og Tid til at deltage.

## GENERAL INFORMATION.

### ACCOMMODATIONS.

**The Residences.** The gentlemen's and ladies' dormitories are conveniently located. The rooms are heated by steam and lighted by electricity. Each is furnished with bed and mattress, table, and chairs, Comforters and other bedclothing must be furnished by the students. Those desiring to room alone will be charged extra for heat and light.

**The Boarding Hall** is conducted by the school for the purpose of meeting the requirements of the students in the best manner. The board is wholesome and abundant. The teachers residing in the school eat from the same table with the students.

**The Library.** During the year the library has been enlarged by the addition of quite a number of reference works in the departments of literature, theology, history, economics, and the sciences.

Connected with the library is a reading room. In it the leading publications in the English, Danish, and German languages are found, as well as many local papers.

Contributions to the library are earnestly solicited. They should be sent to the Librarian of Dana College and Trinity Seminary.

**The Laboratory** is equipped with the apparatus necessary for class experiments and the individual work of the student.

A pleasing unanimity of action pervades the entire atmosphere, and Christian love and obedience do for the school what severe rules never accomplish.

### PUBLIC WORSHIP.

Chapel services, which all students are expected to attend, are held each school day morning.

### CHURCH AND RELIGIOUS SOCIETIES.

As this is a Lutheran school, all students are expected to attend regularly the local church of the United Danish Evangelical Lutheran Church, provided no other preference is stated to the president.

### COLLEGE SOCIETIES.

There are several regularly chartered literary and religious societies in the school. These are all in flourishing condition, and in their way do much towards making college life pleasant and profitable.

#### THE DANA COLLEGE HESPERIAN,

is exclusively English. Its bi-weekly programs comprise music, debate, and literary exercises. Special programs are rendered from time to time.

#### DANNEBROG

as indicated by the name, is a Danish society. Its aim is to cultivate a taste for Danish literature and song. Like its sister society, "Dannebrog" gives bi-weekly programs comprising song, literary work, and debate.

#### STUDENTERFORENINGEN

is a religious society. It holds weekly devotional meetings to which all students are cordially invited.

#### TRIN. SEM. HEDNINGEMISSIONSFORENING

is a society, organized with a view to furthering the foreign missions of our church.

#### THE ATHLETIC ASSOCIATION.

The Dana College Athletic Association has been charter-

ed by the Faculty to play tennis, base ball, hoop ball, basket ball, and such other games as shall prove of benefit to the members of the association.

### ENDOWMENTS AND BEQUESTS.

The school authorities cannot but rejoice in the progress of the school during the 13 years of existence as Dana College and Trinity Seminary.

Good work has been done in every line, and friends of the school are beginning to look forward to a time when a grateful people and church will appreciate more fully the work their school is doing for them, and more liberally lend encouragement and aid.

The following is the form of bequest which may be used by persons desiring to leave property or money to the College:

I give, devise, and bequeath to the Board of Trustees of Dana College and Trinity Seminary, an institution of learning established by The United Danish Evang. Luth. Church in America, and located at Blair, Washington County, Nebraska, the sum of ..... Dollars, (or if real estate, give description of the property) for the general uses of said college.

All funds for the institution should be sent to the President.

### TO PROSPECTIVE STUDENTS

and particularly to our Danish youth in America are the following words addressed:

It is in your interest to attend the institution that can do you most good, that is best able to aid countrymen in overcoming the perplexities so often handicapping young foreigners in this country, that fits them for the highest success in life, and does all in its power to attain the same.

We believe Dana College and Trinity Seminary is that institution. Those in charge of the school are devoting their entire life to the culture of the Danish people in America, and will leave nothing undone to have this school retain its reputation as the leading Danish School in America.

### GENERAL HINTS.

The school year begins Oct. 3rd, and is divided into three

terms: a Fall term of 9 weeks, a Winter term of 16 weeks, and a Spring term of 10 weeks.

If you should wish information not given in this catalogue, address the President, and he will cheerfully advise you on any point of mutual interest.

While the faculty urges the importance and advantage of students entering the school at the beginning of the school year or at the opening of a new term, yet admission may be had at any time to such classes as will meet their personal needs.
