#### CHRISTIANITY AND RELIGION COURSES

Knowledge of the basic principles of the Christian religion is essential in a liberal education. Character-building and correct ideals are fundamental in every student's life. The Christianity courses aim to supply these needs and thus enable the graduates to discharge the duties of Christian citizenship, and in every vocation to achieve something more than material success.

Students must earn two hours credit in religion each year. They may be earned either semester. Twelve hours credit will be accepted toward the A. B. degree. A student who fails to make a passing grade in his religion course, will be deducted the corresponding amount of credit from an elective academic subject.

The following courses announced as regular academic subjects may be taken for credit in religion. Students who intend to study theology are recommended to take them. For

#### PHYSICAL EDUCATION

"The first quarter of the twentieth century has given us shorter hours of labor, and a greater abundance of material

#### AND TRINITY SEMINARY

wealth, but it has left our muscles and our nerves unsatisfied". In this summary of the scientific age is expressed the need for healthful activity. Better than ever before do we realize the fact, that "a sound mind" can live best in a "sound body". Habits of exercise are necessary in the active life, and the College therefore feels justified in requiring at least a minimum number of hours of physical work during the academic and first two years in College.

A thorough physical examination precedes the work in the fall.

New students entering the college are requested not to purchase any kinds of gymnasium clothing before coming to Blair. To insure uniformity, suits must be purchased here.

The approximate price for suits is as follows:

Men's	 	\$4.7
Ladies'	 	7.4

Ladies' suits may be rented for the year but a deposit is: required for the full value of the suits.

Besides the indoor facilities there is a good athletic field for all outdoor games. Four tennis courts are at the disposal of all students during leisure hours.

The upkeep of the tennis courts is left to the initiative and management of the students using the courts.

- 1. Primitive Gymnastics:— This course consists of the fundamental work necessary to break the ground for freedom of movement, to remove bodily defects and to establish coordination. The best known methods of American educators and those of Niels Bukh, of Denmark, are used. Floor work, apparatus, and games. Lectures and practical work.
- 2. Rational Athletics:— This course will supplement. Course 1 during the fall and spring terms and is planned to give the students the best possible rounded development so necessary in practical life. The Decathlon test will be applied to all students in the spring. This will serve a double purpose, (1) to find the best all around athlete, (2) to enable the student to know his own ability in natural activities.
  - 3. Recreational Games: This course will consist of team

games and folk games used in public schools and social centers. Much useful material will be presented during the spring term. This course also supplements Course 1 in the ladies' section.

- 4. Corrective Gymnastics:— Arranged for those students who need special attention for remedial purposes.
- 5. Intra-mural Athletics:— All students are encouraged to organize teams in tennis, basket ball, baseball, speedball, soccer, etc. These activities are encouraged as recreational activities and should be looked upon as supplementing the regular class work. We do not read extra books merely for credit but rather to be more proficient in the prescribed work.

This work cannot be substituted for credit courses, 1, 2, 3, 4, 6.

6. Intercollegiate Athletics:— The college is a member of the Nebraska Conference and as such has representative teams in basket-ball, track and field, and tennis. Those who are selected to represent the school in any of the above sports are given the same credit as those taking courses 1, 2, 3, 4.

Scout-Masters' Course:— If a sufficient number of students are interested in this course, it will be given.

Two hours attendance in physical training is required of academy students.

Freshmen and Sophomores in the college are required to earn one hour's credit each year.

Students 25 years of age are excused from physical training.

College students whose homes are in Blair, and who get exercise by coming to school, may be excused from physical training during the fall and spring months when the work consists in outdoor activities.

# SCHOOL OF MUSIC

The School of Music desires to co-operate with the College in the development of true Christian manhood and womanhood and to make the art of music a means of promoting the growth of Christian life and character in the student.

It is also encouraged by the fact that music is constantly gaining an increasing importance as a means of general culture. The School makes it an aim in all phases of its work to lead the student to an intelligent appreciation of the beauty and excellence of the art in its classic form.

The pupil is required to pursue a course of study in the theory of music and obtain a good mastery of the principles and laws that govern the art. With this, he must also, for the completion of the course, attain satisfactory skill in the execution of standard composition.

For admission to the freshman year in music, a student must have had preparation in the work outlined in the Preparatory Department.

#### Voice

Each voice is treated with reference to its individual merits, and students are advanced as their time and work permit.

The course begins with the study of correct tone production and breath control, which leads to the acquirement of a free, resonant tone and flexibility of the voice. This is followed up, as rapidly as the pupils can master them, by vocalises, studies in enunciation, vocal diction, sight singing, and songs of various kinds, leading up to the study of arias from opera and oratorio. One lesson per week; five practice hours; one hour credit.

In other departments than the Music Department only one credit hour per semester may be earned in Applied Music.

#### PUBLIC SCHOOL MUSIC-SUPERVISORS' COURSE

In order to meet the increasing demand for Music Supervisors in the Public Schools, a two-year course will be given meeting with all the requirements of the State. One year of this course leads to a certificate, while a two years' course admits to the position of Supervisor in High Schools. A four years' High School course is the prerequisite.

#### AND TRINITY SEMINARY

Important! Students must have not less than eight hours in Education; for a Second Grade High School Certificate 12 hours in Education is necessary. The above course meets this requirement.

#### Dana College A Capella Choir

The Dana College A Capella Choir, which is one of the few such organizations in this country, has for its aim the spreading of the Gospel through the best of sacred music. This year the Choir made a trip through Iowa, Illinois, Wisconsin and southern Minnesota, covering 2300 miles and giving in all some thirty concerts. For the coming year another trip is already planned.

The motto of the Choir is hard work. Extensive practicing is begun as soon as school opens, the singers being admitted on competitive basis as well as according to their scholastic standing. Any Dana student may try out.

A second choir is also organized for the purpose of singing in general as well as for special occasions.

# ACADEMIC DEPARTMENT

The courses are outlined in conformity with the requirements for admission to the State University of Nebraska and other institutions of higher learning.

All students who have not had the necessary work to enable them to take up the first year's work in the academy are required to take a preparatory course covering the subjects required for entrance to these.

Credit points are granted on the basis of five recitations per week of not less than fifty minutes each for one credit.

For graduation thirty-two credits are required. These must include the following: 4 credits in history, 4 or 6 in mathematics, 4 or 6 in foreign languages (10 in mathematics and foreign language), 6 credits in English, 2 credits in Bible Study, 4 credits in science (2 credits must be in a laboratory science).

Students who are preparing to enter Trinity Theological Seminary should select their electives from the history, language, and literature groups.

# HISTORY AND AIM

Trinity Theological Seminary is the oldest theological school among the Danes in the United States. It was founded in 1884 by Rev. A. M. Andersen, and the first two years the classes met in his home. In 1886 the first building was erected on the Dana College hill and since then, with the exception of one year, it has been located there.

The first twelve years of its existence it served the interests of the "Blair Samfund" for and by which it had been founded. When the United Danish Evangelical Lutheran Church was formed in 1896, by the union of "Blair Samfund" and "Nord Kirken" it was retained as the theological school of the two united bodies. It was during the first year of the existence of the United Danish Church that the Seminary was not in Blair. The professor who was called

to the Seminary could not leave his work at Elk Horn College, Elk Horn, Iowa, so the Seminary had to go to him. This was in 1896—97. The next year, however, Prof. P. S. Vig moved to Blair, bringing the students with him.

Nearly all the pastors in the United Danish Church have received all or part of their training here. While the largest number of her students and graduates are serving as pastors in the United States, they are also found in Canada, in the Virgin Islands, in Denmark, in Japan, among the Mormons, and among the Indians.

The aim of the Seminary has from its beginning been to train men for the gospel ministry among Danish immigrants and their descendants in America. In its three years' course, it has in view both the theoretical training and the practical pastoral ministry in our Danish Lutheran Congregations in America. It is the aim of the Seminary to interpret to the students the conditions and needs of our congregations and thus better to prepare them for the work upon which they expect to enter as pastors.

To meet the present situation relative to our language problems, the Seminary instruction is given in both English and Danish. Moreover, it is required of all candidates for ordination that they are able to preach acceptably in both languages.

#### ADMISSION AND MATRICULATION

The need of a college trained clergy is strongly felt. Students who plan to enter the Seminary should therefore, if possible, complete a standard college course before they begin their theological studies. The Synod has not, however, made graduation from a college an absolute requirement. Two years of college work should ordinarily be the minimum, however.

In selecting his college courses, the prospective theological student should consult the Dean. While the pastor should be familiar with the fundamental point of view of modern science, the student who can take only two years of college work must feel content with his high school science and select

#### AND TRINITY SEMINARY

those courses that prepare most directly for the study of theology.

These courses should include English and Danish language and literature, ancient and modern languages, history and sociology, psychology and philosophy. The student must bear in mind that we are a bi-lingual Church. He must therefore be able to use both English and Danish well. This is absolutely necessary for graduation from the Seminary. No definite number of hours can be perscribed as the need varies with the individual student.

In other courses, a minimum of two years classic Greek and one year New Testament Greek is required. A minimum of two years in Latin and German is recommended. General psychology is required and an introductory course in philosophy is recommended.

Students who wish to enter the Seminary should make a formal application either to the Dean of the Seminary or to the Chairman of the Board of Directors. This application should preferably be presented before the close of the school year. If that is impossible, then the application must be made during the summer in time to be considered before school opens.

#### EXPENSES

There is no tuition in the Seminary. Seminary students who take work in the college pay the regular college tuition of \$3.00 per semester hour.

For room rent there is a reduction of \$25.00 per year from the regular price. (The Deposit Fee \$5, however, must be paid. See General Announcements.)

For board the seminary students pay the regular price. (See General Announcements.)

The seminary students pay the Students' Privilege Fee; also the Forfeit Fee of \$5.00 per semester, if they are off-campus students. (See General Announcements.)

#### COURSES

The courses of study cover the entire field of theology and are divided into three years. The outline of courses by

years that follows is intended to show the general field covered, but not the detailed subdivisions of several of the subjects.
