

HERMES

THE MESSENGER FROM DANA

Volume XXVII

Dana College, Blair, Nebraska, Friday, October 26, 1945

Number 3

Welcome to the Hill

Again this year as the leaves began to change colors and the nights took on a frosty tang, a certain familiar bustle pervaded the Dana campus. Directors were elected; committees appointed; speakers engaged; and plans devised.

In short, another homecoming was fast approaching. Assignments were neglected as everyone assumed additional responsibilities. Once again the "D" was mounted on the tower of Old Main to greet the Alumni as they drove up the hill. Play practices continued; banquet plans were well underway. A special edition of the Hermes went to press. October 26 drew near. Rooms were cleaned and furnished with extra cots. The final scrimmage before the game with Tarkio was held. The lodging and registration committees were groomed for action—October 26 arrived.

Now with homecoming here, the Vikings of today wish to welcome the Vikings of yesterday back to their alma mater. It is our hope that as you spend the next few days on the Dana Campus you will be reminded of your student days at Dana—that you will recall some particular incident as you roam the halls of Old Main or walk around the quadrangle. Surely the elm holds some significance to you—the fish pond, the upper campus, and the chapel. Take time while you are on the campus to recall the past; it's worth recalling.

The word "homecoming" has assumed a special significance during the course of this war. But that is what homecomings should always have been—an occasion of joy. Nevertheless, this year's Vikings wish to extend a special welcome to those of the Dana Spirit who have been in the armed services.

There are only three days. Make them profitable days so that they will be happy recollections.

D. C. D. C. to Present Farce and Drama

It is an old New England superstition that Death will visit the house where the Old Man driving a horse and buggy stops and inquires the way to Boston. Friday evening at 8 o'clock, the consequences of this call will be viewed by those who attend the Dramatics Club's one-act production "Which Is the Way to Boston?" at the college gymnasium.

Martha, a superstitious old woman, will be portrayed by Eunice Carlsen. Her husband, John Harvey, who is a chess enthusiast and regulates his life according to the almanac, is performed by John W. Nielsen. Acting as their nephew, Chris, a sympathetic, congenial person, is Frank Highby, while Helen Olsen will represent their niece, Mary, who does her best to spare her aunt every possible grief.

"Our Aunt From California," a farce in one-act, will also be presented. It is the story of a wealthy society matron who visits

her three nieces for the purpose of selecting one to accompany her on an excursion to Europe. Each girl, of course, is determined to out-do the others and make herself the most attractive to her aunt. Felicia, cultured but resolute to appeal to her aunt's sense of humor, will be played by Phyllis Moore. Her fashionable sister, Rosalie, trying to overcome her style, will be characterized by Rhoda Jacobsen, while Maryann Nelson will take the part of "Plain Sally," who tricks her sisters into a realization of their foolishness. Mrs. Merry Muntoburn, their socially-minded aunt, will be played by Jean Nielsen. Taking the part of Miss Willcoxngibbs, the straight-faced dressmaker, will be Carol Mengers. The girls' mother will be represented by Bernice Glarborg, while Grace Borglum will enact the part of the maid.

The productions of the Dramatics Club for this season are being directed by its sponsor, Miss Nellie Falk, English instructor at the college.

L. S. A. Elects Heads For Midwest Region At Luther Meeting

Luther College of Wahoo, Nebraska, was host to the Midwest Region of The Lutheran Student Association of America, held from October 19 to 21 with approximately 150 members from ten L.S.A.A. groups attending the 23rd annual conference of this region. Lloyd Neve, formerly of Dana and now of Augustana Seminary, Rock Island, Illinois, presided at the business meetings at which Dean Tiemann of Kansas State was elected president and Edna Huttenmaier of Nebraska U., vice-president. Other L.S.A.A. officers are Edna Palm, Bethany, secretary; and Elmer Davis, Kansas State, treasurer. The advisers for the coming year are Rev. Alvin Petersen, Nebraska U.; Pres. Floyd Lauerson, Luther College; Dr. Mary E. Larson, Kansas U.; Inez Ekdahl, Kansas State, and Rev. Claypool, Bethany.

Rev. John Streg of Beatrice, Nebraska, was the principal speaker and carried out the theme of "Christ the Light of the World." He spoke of October 31, the evening before All Saints Day, on which day Luther nailed the 95 theses upon the church door at Wurtemberg, Germany.

Rev. Alvin Petersen of Lincoln, Nebraska, conducted the study of the Gospel of John, depicting it as a spiritual gospel, the self revelation of Christ as the Son of God. Helen Danielsen spoke on Saturday morning and enlightened the students of the prevailing conditions of Colombia, South America. Although 97% of the population in Colombia is Catholic, it is more atheistic than Catholic. The Bible is the only for-

(Continued on page 3)

Choir to Concentrate On Sacred Chorals Announces Neve

Composed of approximately fifty-five voices, the Dana College Choir, under the direction of Professor Paul Neve, is working on several new numbers. Special attention is being given to Palestrina's "Kyrie Eleison," which will be sung by the choir at the homecoming festivities. Other numbers being practiced are: "God My King, Thy Might Confessing" by Johann Sebastian Bach, a versification of Psalm 145; "O Worship The Lord" by Rachmaninoff; "Praise To The Lord" by F. Melius Christiansen, director of music at St. Olaf College; "Light Celestial" by Tschai-kowsky; "In Excelsis Gloria" arranged by M. J. Luvaas; "In the Night Christ Came Walking" by N. Cain; "Day by Day Thy Mercies, Lord, Attend Me," a hymn arranged by Professor Neve; and a memorial anthem, "In Solemn Silence," arranged by Peter J. Wilhousky.

Plans are being made for the choir to present Handel's "Messiah" during the Christmas holidays.

Homecoming Arrives On the Dana Campus As Alumni Return

Female-Male Ratio Decreases with Enrollment Rise

Dana's total enrollment at the present time stands at 117, an increase of 38% over the number of students who were registered at Dana during the course of last year. The percentage of increase in reality, however, is even greater as last year's enrollment included ten seminary and four night-class students.

The male-female ratio now allows each fellow only two and a quarter Vikingettes instead of the whole three which he had at the beginning of the school year.

Divided into classes the enrollment appears as follows:

	T.	F.	M.
Senior	1	0	1
Junior	4	3	1
Sophomore	26	19	7
Freshman	67	45	22
Adult Special	3	3	
	101	70	31

Besides the 101 full time students there are 16 music and part time ones.

Of the 14 states represented on the Dana campus, Nebraska's thirty-nine students give her an undisputed first place with Iowa's twenty-six assuring her a safe second. Minnesota holds down third with nine Gophers in the crowd, while the Wisconsin Badgers are close on their heels with a total of eight. Two western states, California and Colorado, are in fifth and sixth place with four and three students respectively. Having two representatives on the campus and thus earning a seventh place position are Illinois, Maine, and Idaho. Dana also boasts one student from Montana, New York, Massachusetts, Kansas, and Vermont, besides a Canadian co-ed.

This year there are nine P.K.'s on the campus and seven ex-servicemen.

Students Hear Gran Present "The Robe"

On October 16, Dana students had the opportunity of hearing Walter C. Gran, blind reader, present Lloyd C. Douglas' book "The Robe" in three acts.

The dramatic arrangement of this best-seller was prepared by Mr. and Mrs. Gran after they had secured the author's permission. The first act of the presentation took place in Rome and Jerusalem; the second, in Jerusalem, and the third in Diana's garden and the Emperor's palace and banquet hall.

One was not only impressed by Mr. Gran's dramatic ability but even more so by his ability to overcome physical blindness.

"Port of Peace" to Be Theme of Festival

With "Port of Peace" as its theme, the 1945 Homecoming will open its three day festivities on October 26. Two plays, a bonfire rally and snake dance, a parade, football game, formal banquet, divine services, and a musicale will be the highlights of this year's celebration.

Chaplain Paul G. Rasmussen, formerly a pastor of Our Savior's Lutheran Church, Chicago, Ill., will be the main speaker of the formal banquet which will begin at 6:30 Saturday evening. The dining hall is expected to be filled to capacity with Dana's guests.

Fun and fellowship of alumnae, students and family, and faculty will begin tonight when the Dramatics Club sponsored plays begin at 8:00 o'clock. A program of two dramas, "My Aunt from California" and "Which Is the Way to Boston?" will be enacted on the auditorium stage. To instill fighting spirit for tomorrow's football game, W.A.A. cheerleaders will afterward con-

(Continued on page 3)

Jorgensen Addresses Dana Luther League On Our Inheritance

Rev. H. C. Jorgensen, pastor of the local church, was the speaker at the Luther League meeting held Wednesday evening, October 17. It was the second in a series of talks on the theme, "The Crossroads to the Cross of Christ."

To open the service, the hymn, "God's Word Is Our Great Heritage," was sung. Allison Hansen then read a passage from the Gospel of Luke and led in prayer. Before Rev. Jorgensen's address, Helen Olsen sang "Spirit of God."

"Our Inheritance" was the topic of the evening; Rev. Jorgensen pointed out that we must receive our inheritance, maintain and improve it, and pass it on to others. Our inheritance is to be used in God's work.

The meeting was closed by the singing of "Faith of Our Fathers."

Dana Spirit Displayed

In the last issue of the *Hermes* there appeared an editorial on "the Dana Spirit" among students. As an illustration of that same spirit among parents, your editor would like to cite the case of Mr. and Mrs. Eugene Parker of Harlan, Iowa. The Parkers hold an undisputed first place in the estimation of the football fellows, not only for the small favors they have done the team, but also for the full-hearted support they have given Dana's athletic events. Mr. and Mrs. Parker have attended all of the Viking games to date, besides taking a load of Dana students to the game at York last week and treating the players. Any one of the fellows on the Viking squad will attest to Mr. Parker's ability of boosting the team's morale before a game. Expressing my opinion and that of the whole team, I say "Let's give fifteen rah's for the Parkers!"

World Suicide?

"For the first time in history, civilization can commit suicide if it wants to," Dr. W. Hugh Stickler, who has been working on the atomic bomb, said recently. Dr. Stickler has returned to Stephens as an instructor in general biology after leaving in the fall of 1943 to work in secret as divisional technical supervisor and assistant department superintendent on the Manhattan project of the atomic bomb.

"The world has in its hands a weapon to end all wars or," Dr. Stickler said, "if used unwisely or selfishly, a weapon which will eventually lead to the destruction of civilization and the world. There will be no need for war. All nations, whatever their size or population, can have all the power they need to develop their resources in unlimited amounts with great energy that can be produced by atomic power. When this power is fully developed, countries will no longer depend on oil, water power, and coal to keep the wheels of industry rolling."

The people of the United States spent over two billion dollars in the development of the atomic bomb which, with just one thousandth of all the energy possible to obtain from splitting an atom, can wipe cities from the earth, related Dr. Stickler. The sum spent on research is approximately equal to the sum spent on public education for a year in the United States.

"In the astounding short time of five years, after the principle which we followed in working was discovered, results were obtained," Dr. Stickler explained. "What the world will do with it now in peace time is the question of importance which all society must decide."

"The energy in the cardboard of a railroad ticket to Centralia could run the Wabash Cannon Ball around the world several times," Dr. Stickler continued, "while the energy in a breath of air we exhaust from our lungs when speaking is enough to drive a big airplane continuously for a year. One pound of uranium 235 contains enough energy to supplant all the electricity for two months in the United States. There are unlimited advantages for its good use." A.C.P. Release.

Moments of Spiritual Thought

No man can serve two masters Ye cannot serve God and Mammon. Matthew 6:24.

"There are two philosophies of life. The one is that we are the masters of our own destinies; the other that we are the victims of our circumstances. One that we can do something about what we want to be, how we want to live, and how we want to behave; the other that we are the product of our contacts in life. It is an accepted fact, however, that he have to deal with choices.

One can take everything along in life—some is excess baggage, some simply dead weight. An education is something of an attempt to learn to choose discriminately for we do not want to clutter up our lives with dead weight. God gave us wills to use, or misuse. God made us rational beings, and as rational beings we are to use these minds intelligently.

Choose to serve God and to serve Him wholeheartedly!

And the king shall answer and say unto thee, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me. Matthew 25:40.

There are many opportunities in our environment of a Christian college for adding permanent beauty to our character—opportunities to serve both God and our fellow men. Do we grasp them, or leave them for others? We must if we hope to experience richness, to develop power, and to progress spiritually. To secure real happiness we must embrace these opportunities.

How firm a foundation.

Students gather in a Christian school because of one book—the Bible. When we consider the Bible, we find that it is not one book, but a collection of 66 books written by 47 authors over a period of about 13 cen-

turies. Its unity is remarkable, considering the many authors, and the great span of time over which it was written. But how can we be convinced that the Bible is true? We are convinced by the experience of the power of the Word of God rather than by any scientific way of proof! If you have experienced in your own life a deep conviction of your own sin so that you are willing to say with the Apostle Paul, "The greatest of sinners am I," and if the Word of God tells you of Jesus Christ and what He has done for you, then you have experienced that truth. That experience was effected through the power of that Word.

And they did all eat and were filled. Mark 6:42.

And in the morning, as they passed by, they saw the fig tree dried up from the root. Mark 11:20.

The richness of the word of God is limitless. The more one studies it, the more one realizes the truth of this statement. Many striking truths are brought out by contrast. When the Lord blessed five loaves and two fishes, five thousand were fed; when He cursed the fig tree, it dried up from its roots. So it is in our lives. When Christ is permitted to take our lives and bless them, the possibilities are beyond comprehension; but when He curses, He also curses thoroughly. What is your choice?

And we know that all things work together for good to them that love God, to them who are called according to his purpose. Romans 8:28.

It is hard to believe these words of St. Paul, but it is actually possible for our obstacles to become blessings if we live by faith. A college education and faith in Christ can change physical blindness into a blessing. Think what it can do for you with your perfect faculties. Although at times you get discouraged to the point of quitting, make up your mind "that all things work together for good to them that love God."

They Climbed the Hill

Lt. Raymond M. Paulsen, ex '43, is scheduled to arrive home this week. Lt. Paulsen has been in Europe and is expecting a discharge soon.

On September 30, a son, Ethan Andrew, was born to Chaplain, ex '41, and Mrs. Edwin Svendsen. Chaplain Svendsen is now stationed in Virginia.

Having taken over Rev. Ervin Bondo's work in the National Lutheran Council chapel in Willow Run, Michigan, Oscar Johnson, '44, a seminary middler, will remain there until February. At that time, he will resume his seminary work at Mt. Airy Seminary in Philadelphia.

Pfc. and Mrs. Donald Jensen (the former Genevieve Skau, ex '42, of Blair, Nebraska) are the parents of a daughter, Betty Marie, born on September 20. Pfc. Jensen is with the army of occupation in Japan.

On Saturday evening, October 21, almost half the population of Blair turned out to welcome home T. Sgt. Gifford Dixon, ex '41. Sgt. Dixon had been a prisoner of the Japanese about forty-four months.

A visitor on the campus several times recently has been Lt. Ed Feer, ex '43, of Blair, Nebraska. Lt. Feer has been placed on inactive duty with the air force reserve after having served many months at Clovis, New Mexico, as a plane commander of B-29 crews.

Another former Dana student to receive a discharge this month was Ewald "Pee Wee" Sorensen, ex '45, of Racine, Wisconsin. "Pee Wee" has been with the armed forces in Europe.

Mildred Madsen Paulsen, ex '44 of Ringsted, Iowa, graduated in September from the Deaconess Hospital

in Marshalltown, Iowa.

A member of the floating reserve off the coast of Japan is T/Sgt. Nelson Boe, ex '43, of Portland, Maine.

Having graduated from the University of Wisconsin Medical School this summer, Harold Sorensen, '42 of Racine, Wisconsin, is now interning in Eau Claire, Wisconsin. Paul Pedersen, ex '43, of Blair, Nebraska, is interning in the Augustana Hospital in Chicago, Illinois.

Returning to the campus this weekend for the Homecoming festivities is Lt. Harold Hughes, '41, of Decatur, Nebraska. Lt. Hughes, who was with the coast artillery in Italy and Germany, has also been placed on the inactive duty list.

Lt. (j.g.) Marion Peterson, '36, is now stationed in Florida, having recently been transferred from the naval air station in Astoria.

Cpl. Norman J. Johnson, ex '44, of Gilmore City, Iowa, after spending about nine months in Germany, will now be stationed in this country, awaiting a discharge in January or February.

Also attending the Homecoming festivities this weekend are Sgt. and Mrs. Paul Larsen, ex '45.

T/Sgt. Reynold Tange, ex '43, has returned to the States after spending three years overseas. His marriage to Ruth Svendsen, ex '43, will take place in the near future.

Pvt. Gene Staberg, ex '48, is now located at Camp Joseph T. Robinson, Arkansas, and is a first string player on his regiment's football team.

Shannon Adams, ex '48, of Missouri Valley, Iowa, was a homecoming queen candidate at Iowa State College where she is now enrolled.

Former Prof. Attends Chiang's Banquet At Chungking

S. Sgt. Harry L. Shadle, who for several years was head of the Dana commercial department, has written Dr. and Mrs. H. F. Swansen an extremely interesting letter from Chungking, China, where he is now attached to the Chinese Theater Headquarters.

Probably the most notable experience which Sgt. Shadle has enjoyed was attending a celebration given by Generalissimo Chiang of which he writes: "I consider the entertainment given by Generalissimo Chiang, and attended by himself, Generals Wedemeyer and Stratsmeyer, and Ambassador Hurley, one of the highlights. The Generalissimo made a terrific impression on me, and although his speech, when translated sentence by sentence, was a little "unpolished", you could readily see that he is an exceptional Chinaman. Following the speech making he had a Chinese Opera staged for us. I wouldn't attempt to describe it—it was just an experience"

(Continued on page 4)

Dana L. L. Hears Talk On Making Decisions

Opening the October 10 meeting with the singing of the hymn "Teach Me, O Lord, Thy Holy Way," the Dana College Luther League was addressed by Professor Rasmussen, who used the theme "Making Decisions." Fred Brengleman read scripture and offered prayer. Another hymn, "Am I a Soldier of the Cross," was sung.

The Leaguers then joined in the singing of "Guide Me O Thou Great Jehovah," after which Florence Hansen sang "Teach Me to Do Thy Will."

The meeting closed with a moment of silent prayer followed by the Lord's Prayer.

Style Stepper

by Lynn

Girls: Slacks, formals and dresses will be your Homecoming style steppers for the three-day celebration this week-end, so you should start planning what you are going to wear now. Here are a few hints that might help you to decide.

Since the Pep Rally immediately follows the Dramatic Club production Friday night, we won't have time to go up to the dorm and change to the type of apparel that a pep rally and snake dance demand—so kids, it will be perfectly all right to wear skirts, sweaters, anklets and sport shoes to the play, and still comfortably join in all the fun afterwards.

Suits, plaid skirts and bright sweaters will be prominent at the float parade and the football game with Tarkio, Missouri, Saturday afternoon. Saddle shoes and soft wooly socks really don't have to be mentioned as we nat-

STRAWS IN THE WIND

Boys	
Stettinius	-33.3%
Dewey	-33.3%
MacArthur	-16.7%
Truman	-16.7%
Girls	
Dewey	-14.2%
Truman	-71.4%
Stassen	-7.1%
Stettinius	-7.1%
Student Body	
Stettinius	-15 %
Dewey	-20 %
MacArthur	-5 %
Truman	-55 %
Stassen	-5 %

The straw being battered by the wind this week, is the question of your preference for the president of the United States. Although the presidential race is still some years in the future, it is not too soon for us future voters to begin to consider our preferences for the coming bout.

The figures speak for themselves. The boys seem to lean towards the Republican candidates. The girls seem to think that Truman is doing a good job and should be allowed to continue. Dewey is still very popular, with Stassen, Stettinius, and MacArthur looming as dark horse candidates.

Two of the men mentioned by the students have military experience. These are MacArthur and Stassen. MacArthur has been in the army all of his life. Stassen is a Lieut. Com. in the navy, and is a member of Admiral Halsey's staff. He was also one of Minnesota's better governors and was also an outstanding member of our delegation to the San Francisco conference.

The only other Democrat mentioned besides Truman was Stettinius. He has had a high position in the business world and was used by Roosevelt as Lend-Lease administrator, Secretary of State, and head of our delegation to San Francisco. At present he is our delegate to the New United Nations organization which is to replace the old League of Nations.

usually include them with our accessories.

Nobody needs to be told that formals will set the fashion for the Homecoming banquet, Saturday evening. Plaid and plain taffeta, sheer marquisette, and velvet will make it all very colorful.

To the Sunday morning church service in the auditorium, you will probably wear your best "Sunday-go-to-meetin'" dress, a hat, gloves, and of course, heels and hose. The musical program in the afternoon is the type of affair to which you will again wear hats and gloves, as accessories.

So, Dana stylesteppers, now is the time to plan your wardrobe for the coming festivities.

And then, as a couple of words of advice to you fellows, even though I don't know exactly what you like to wear when and where, but from observation, I'd say that Friday night should be very casual—sport sweaters, jackets, top coats—that would go for the Saturday afternoon activities also. Of course, that doesn't apply to you fellows playing football. Saturday night you can really let yourself go—in your very best tie and suits. Sunday morning and Sunday afternoon also rates your very best. If you have any corrections or complaints, the line forms to the right. The room is 300.

Dr. Nielsen Chosen Head of A. S. F., Films Shown

Following the showing of the March of Time Forum picture on Sweden, the Dana Chapter of the American Scandinavian Society held its first meeting in the current school year at which time Dr. J. P. Nielsen was elected president. Dr. Nielsen succeeds Professor H. Skov Nielsen as director of this Scandinavian culture society.

Other officers who were elected are H. J. Hansen, synodical treasurer, as vice-president; Joan Anderson, freshman from Ringsted, Iowa, as secretary; and Franklin Highby, sophomore from Albert Lea, Minnesota, as treasurer.

The film on Sweden revealed her part in the recent war.

Alaskan Authority Presents Lyceum Number Nov. 2

Edgar C. Raine, who is sometimes called the world's best authority on Alaska, will be the speaker at Dana College's first lyceum of this year Nov. 2. A well-known traveller on his twenty-seventh annual speaking tour of the United States, Mr. Raine has resided and traveled extensively through the Territory during the past thirty-three years. During the ten years that he was a representative of the United States Treasury Department, he visited every town and village in Alaska and many in Siberia each year.

One hundred fifty colored views of the "Land of the Midnight Sun" will be shown by Mr. Raine. With these pictures, the audience will be taken through Alaskan and Siberian villages and the Northlands.

An hour and a quarter will be filled with views of interest, thrilling experiences, and illustrative stories of Northern life.

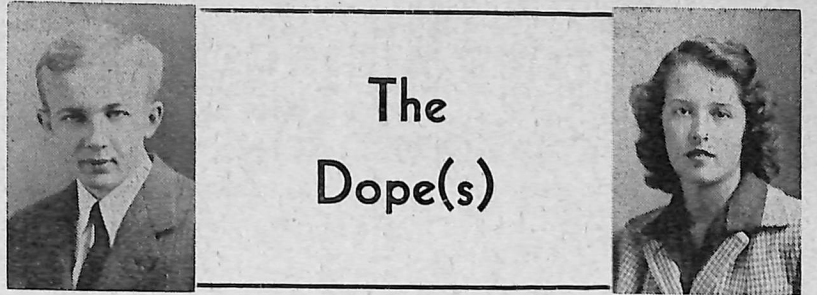

HOME COMING—

(Continued from page 1)

duct a pep rally including a bonfire and snake dance on the athletic field.

Preceding the athletic contest Saturday afternoon, a colorful float parade will go from Dana Hill through Blair's main streets and to the Blair High School athletic field. Floats representing the W.A.A., Choir, Dramatics Club, Scandinavian Society, Blair town students, upperclassmen, freshmen, faculty, the kitchen crew, "D" Club, and the Publishing House will convey motifs of Dana's Homecoming Spirit. Viking football warriors will vie for a homecoming victory when they meet the team of Tarkio College, Tarkio, Mo., at 3:00 o'clock.

Homecoming celebrants and members of the First Lutheran Church of Blair will hold combined services in the college auditorium Sunday morning. Chaplain Paul G. Rasmussen will conduct the services. A musical program Sunday afternoon at 3:00 o'clock in the auditorium will close the week-end activities. Prof. Paul Neve, playing the organ, Bette Moser and Helen Olsen, vocal soloists; and Karen Thomsen, violinist, will appear on the program.

The Dope(s)

As one roams this campus he cannot help but be a student of the actions of his fellow students, be the individual's mind philosophical or not. We find it interesting to observe the actions and reactions of fellow students, faculty, and visiting alumni. It becomes evident that people observe other people—especially their habits and dress. We maintain that far too often our observations of one another are somewhat inaccurate. Thus, there are two lessons to learn: (1) people observe us, and their observations affect their attitude and judgment of us! and (2) that we can be conscious of the fact and not allow our observations to be the sole basis of judgment of an individual.

Abbie, I'm proud to be from Milwaukee, but, note that Milwaukee is located in America's Dairyland—WISCONSIN. (Joni is from the nation's corn crib—IOWA) and, Abbie, I have a very pronounced liking for that beverage of the nation—MILK.

The Scotch (that pertains to the amount of "Scot" blood) in Highby is evident. Refusing to acquire a "date" for the homecoming banquet—and to make his will power hold out, he had his scalp trimmed—using a bowl for a guide . . . what a haircut! The comment of a passer-by: "Scallops on the scalp."

Side Glances—Margaret Bloebaum looking for the table to return the gravy bowl.

OK, OK, Ringsborg, you can put away your new fire helmet. The school board doesn't meet 'til next April.

Hang around, Dankert, we'll have a blowout one of these days. Found—a new place for bushwhacking—Biology lab in the Ad Building.

The ratio of girls to boys is 3-1. We are happy to see that Don Ehlers already has his three. Nice going, "Doc," you are not only making the girls happy but you are also keeping up the reputation of the town boys.

"Where are my shoes?" seemed to be the most pressing question on the campus the other day. We know of one girl who walked up to fourth floor one shoe on and one shoe off to find a snake reclining in the missing shoe. That Lou—I mean Lewis is a scream!!! Then Jo's shoes decided to take a little airing about three o'clock but, after patient waiting on her part, they came back at seven.

Allotted 20, all Dana could "muster" was 8 or 9—less than one half our allotted number. Travel in this day and age appears too difficult to attempt a 43 mile trip—though excellent bus service is available.

Incidental, but interesting, President of the Women Hater's Club, Jerry Lund, was pointing out the Club's sign to a group of (of all things) women—and Nuke passed by pausing only long enough to inform the women he had no intention of joining the organization.

"Tan"—how did you ever tear those trousers? One thing has been bothering members of the science department. "Is down up and up down?" After much debating, they decided that down could be up and up could be down and that old saying "What must go down must come up" might possibly be true.

Monday, October 22, 1945—day of groan and moan—for some 30 students, also "Hay Day" for the bucket brigade. 'Twas a very busy day for the school nurse. However, the number of students confined to quarters would seem to indicate or merit investigation of some sort. Surely, it cannot be passed off as psychological.

L.S.A. CONFERENCE—

(Continued from page 1)

bidden book in Colombia.

On Saturday morning a discussion of the purposes, aims, and objectives of the L.S.A.A. was held. One of the aims of the L.S.A.A. is to strengthen and sustain Christian students in their faith through the use of the Bible privately and in groups, through prayer, through regular church attendance, and through frequent reception of Holy Communion. \$5,000 is the goal set for projects of the National L.S.A.A. for 1945-46. The first \$500 collected will be used towards the reconstruction of European Christian student work. A Lutheran worker will be chosen by the World Student Christian Federation, of which our L.S.A.A. is a member, to survey religious activity of Lutheran students in northern Europe and to assist them in their problems. \$500 will be contributed to the Scholarship Fund, and the remainder will be for the Lutheran World Action.

York Trims Vikings 40-19 On Panther Field

Dana Lets-up After Half

Dana's Vikings invaded York College on October 19 during the latter's homecoming only to meet defeat by the score of 40-19. The game was played under the lights with both teams in fine condition, except for a few minor injuries. Dana had hoped to avenge its recent defeat at the hands of York.

York kicked off and crossed the goal line twice in the first quarter and once in the second quarter before the Vikings began to roll. Led by Bob Parker and Don Rouse, the team began to click making three touchdowns in the second quarter. Rouse scored the first marker, when he ran 35 yards around end, while the second touchdown came about from a spread formation with Jack Jensen catching a pass in the end zone. With the score 20-13, Rouse hit the pay dirt again in the closing minutes of the first half.

Coming back in the second half, the Vikings were held scoreless, while York added 21 points to its score.

The game definitely showed improvement and Neil Stanley (coach) is to be congratulated on the fine improvement of the team. Rouse and Parker were unquestionably the outstanding players on the Viking squad.

Plans Completed, But Carpenters Needed For Student Union

One of these days, Dana students will be able to walk into their own Student Union, pull up a chair, and place an order with a pretty waitress. Plans for the Student Union have been completed and as soon as carpenters can be hired, the actual remodeling and building will begin. The recreation room in the south wing of the Administration building is to be the site of this student hang-out.

On almost every college campus, the Student Union is one of the best known and most popular places. It is a spot where book-weary students can get together over a coke or a sandwich and relax. At Dana, where a bite to eat has meant a long walk to town, the addition of a Student Union will be welcomed by the students. It will be run by the students, and will be dependent upon them for its upkeep.

Much of the equipment that is to be used in the new S.U. has already been purchased. The only thing that is holding up production is the manpower shortage. There just aren't enough carpenters to go around.

The walls of the Student Union are to be decorated with murals from the college's art department.

Football, Failure, Food, and Fun

"This is the kind of night that will make a wonderful memory," the travelers to York decided as they sat outside Ashland at 2 o'clock Saturday morning. Two blow-outs on the car driven by Eugene Flynn stopped, but didn't slow down the caravan of football players and girls as they returned from Friday night's game.

Sixteen team members, eleven rooters, and Mr. and Mrs. Gene Parker made the one hundred and twenty mile trip to York, Nebraska, where the Vikings met the Panthers in the York College homecoming game. Darlene Nielsen was almost glad to see York win the game for, in a rash moment, she had promised to smoke a cigar in the event of a Dana victory.

"Nuke" Nielsen hunted all during the trip for some Indians to show to Frank "Boston." The nearest thing to an Indian that anyone found was the military "reservation" at Lincoln Air Base. Several scalps, were raised, however, when Jay Johansen planted a bomb under the hood of Dick Dankert's car.

Eating seemed to occupy much of the travelers' spare time. Steaks were served to the players before the game and everyone seemed to think a great deal of the subject of food.

The long trek home, complete with car trouble, stop for more food, and the hour and a half delay at an abandoned Ashland filling station, crowned the expedition. Don Ehlers, a good pilot, had navigation troubles when he lost the way three times. Early morning found the last of the five cars wearily returning to the Hill.

SHADLE—

(Continued from page 3)

Describing their headquarters. Sgt. Shadle writes, "They have taken over what normally is a Chinese Middle School. The campus and buildings compare quite favorably to our own colleges. The dormitories are now our barracks and are entirely adequate and quite modern. The ad building and classroom buildings are used by various administrative headquarters. The student union is now a Red Cross Club for enlisted men and the music hall, our theater. In addition, there is the library, large hospital, ice plant, etc. within the compound."

Personal Portraits

Returning to civilian life from various branches of the armed services to become students of Dana College are seven men in this year's student body.

First Danian to enter the service and first to return to the Hill, is former Air Corp sergeant **Alfred Tan Creti**. A pre-law junior, Tan attended Dana from 1940-42. He lists Windsor, Vermont, as his official residence, but feels quite at home in Ft. Calhoun, Nebraska.

Allison Hansen now walks the halls of Old Main, as a pre-semi-narian, instead of dusty infantry roads. A sophomore, he serves as secretary of Luther League, choir president, and co-literary editor of the **Danian**. Beware dorm-mates—Allison wakes up in a black gloom every morning. He comes to Dana from Kansas City, Kansas, and Midland College.

Carrot-topped ex-Marine **Leighton** answers to **Red, Brick**, or even **Forrest**. His thick-enough-to-cut-with-a-knife accent marks him as a State of Mainer, from Falmouth, to be exact. Red sometimes studies his commercial course, plays football, and plays havoc with numerous feminine hearts.

Lone member of the senior class is **Gordon Lewis**, lately an ensign in the maritime service. He is a pre-medical student and has studied at Park College, Parkville, Missouri, and Missouri University. Since coming to Dana two weeks ago, Gordon has been busy stamping out "the nasty rumor that I'm engaged."

Orval Denny, a temporary Blairite, from Colorado, drives up the Hill every day in a car with the most colorful interior on the campus. A science major, Orval attended Dana in 1937-38. He served in the infantry.

Since **Phillip Ringsborg** comes from Humboldt, Iowa, "He knows Max." Formerly in the merchant marine, this freshman now hopes to become a missionary in South America. Phil is the man to thank for heat in the mornings as it is his job to rise before dawn even begins to think of cracking each day, and tend the fire.

Oakland, California, and the infantry have sent **Clarence "Jerry" Lund** to Dana. He drives his Pontiac like a jeep, refusing to admit that all four tires should be on the ground at the same time. Jerry, a freshman, is taking an engineering course.

Weep No More Fair Coeds

—Here's the good news. College women needn't turn grey any more at the prospect of being old maids.

A survey made by the Metropolitan Life Insurance Company proves that the smarter a woman is, the greater are her chances to make a so-called "good match."

The study shows both men and women are likely to choose mates with schooling similar to their own. Almost half the college men interviewed had married college women, and only one in sixteen had married a woman whose education stopped with grade school.

The fair sex did even better. More than half stated that they had married college men.

The survey didn't go into the details on how to catch the male. Undoubtedly they feel that college women know the hows and wherefores of the chase. — The DAILY ATHLETUM, West Virginia University.
