

HERMES

THE MESSENGER FROM DANA

Volume XXXII

Dana College, Blair, Nebraska, Friday, March 16, 1951

Number 6

Above is a picture of the members of the show, "Staff and Notes." They are, left to right: Jim Sorensen, Doris Bartl, John Lassen, May Skobo, Elmer Petersen, Jean A. Nielsen, Lloyd Bansen (substituting for Lyle Jacobsen), Carol Petersen, Paul Jersild, Marilyn Steffensen, Verlan Hanson, Edie Skobo, Bill Hansen, Lois Girtz, and Art Simon.

"Staff and Notes" Presented at Three Colleges

Co-directors Carl Nielsen and Dick Andersen signal from back stage to the cast; the curtains part and thus begins the student body exchange program, "Staff and Notes."

The "Staff and Notes" show is the student body's first attempt at a program designed primarily as an exchange evening with other colleges. The colleges which are cooperating in this exchange are Concordia Teacher's at Seward, Nebraska, Wesleyan at Lincoln, Grand View at Des Moines, and Dana. Dana has already presented its program at Concordia and Nebraska Wesleyan and will present it at Grand View on March 10. Other performances may be scheduled later. The first return program will be presented at Dana on March 16 by Concordia.

The cast of "Staff and Notes" consists of seventeen students. The program includes two vocal solos, a mixed quartet, three piano solos, a violin solo, a humorous chalk talk, a ballet number, a male quartet, a duet, a chorus consisting of the cast, and a play entitled "The Villainous Shah of Shush."

The feature of the program is an original song entitled "What is This Thrill," especially written for "Staff and Notes" by Carl Nielsen and words by Lois Girtz.

Television Set Given To Student Lounge

Mr. and Mrs. T. C. Hansen of Cedar Falls, Iowa, have donated a large Philco Television-Phonograph-Radio set to the student body to be installed in the new Student Lounge.

The giant combination includes television with a 17-inch screen, a radio, and a phonograph which plays records of three sizes. The big one-piece set also has a rack for keeping records.

The Hansens are parents of Bill Hansen, now a sophomore at Dana, and James R. Hansen, who is working in the college public relations department.

The student body, which gave the donors an enthusiastic vote of thanks in its meeting yesterday, has recently re-decorated and furnished the Student Lounge, home of the new TV-set, through student labor and financial support.

Student Council Initiates Negro Scholarship Plan

Forty-Four Students Make Honor Roll

Forty-four students made the honor roll for the first semester of the school year. Included in this were eight seniors, eight juniors, seventeen sophomores, and twelve freshmen. Those receiving all "A's" or a 3.00 average were Charles Doidge and Ellen Jensen, seniors; Edith and May Skobo, juniors; and Lois Hansen and LaVaille Jensen, freshmen.

Others than those mentioned above who received a 2.25 average or above are as follows: seniors: Lucy Ann Poucher, Lyle Jacobsen, Helen Halstead, Jim Sorensen, Paul Laursen, and Carl Nielsen; juniors: Phyllis Kloster, Robert Sorensen, Lois Petersen, Paul Hansen, Lloyd Lorensen, and Robert A. Hansen; sophomores: Joseph Greene, Jean A. Nielsen, Brunonas Timpa, Doris Bartl, Alice Schultz, Dorothy Larsen, Paul Jersild, Ruth Wagschal, Orvan Petersen, Elva Jensen, Ruth Neve, Carolyn Hansen, Harvey Jorgensen, Floyd Petersen, Carol Petersen, Lyle Kohler, and James Nielsen; freshmen: Mark Thomsen, Donald Ehlen, Beata Hauge, Dorothy Kloth, Nancy Ohlsson, Margie Poh, Marilyn Jorgensen, Howard Jensen, Arvin Quist, and Sylvia Siersbeck.

Student Body Adopts Plan of Contacting Alumni in Service

The student body unanimously adopted a resolution in a meeting Thursday morning which will keep the student body in contact with Dana alumni serving in the armed forces.

John Nielsen, chairman of the committee which investigated possible phases of the program, presented the report.

Immediately following the meeting Don Olsen of Racine, Wis., was named head of the Servicemen Committee. The other committee appointees were Esther Lank of Racine, Files Chairman, and Lloyd Lorensen, Brush, Colo., Letters Chairman.

A plan calling for a Negro student scholarship was presented to the student body Thursday morning by president Art Simon.

"The administration has promised to waive tuition," Simon announced. The rest of the scholarship will be obtained early next week by individually contacting members of the student body for donations and pledges.

The Student Council, which initiated the program, has been contacting Lutheran pastors in charge of Negro missions in St. Louis and Chicago, and will probably work the proposal through these men.

In the discussion which followed a student questioned if it would be possible to have the scholarship effect two students. The chairman answered that there was a possibility if student pledges were high enough.

Several students asked that the scholarship be set at a definite figure before taking donations. However, no goal was set.

After the meeting a Hermes reporter asked Simon how much he expected the students to give.

"I don't know," he said, "but I think they'll really pitch in. The more we collect, the better the chance for two students."

No objection was raised against the scholarship in the meeting.

Campus Calendar

March 16—Concordia Talent show
March 17—Days of Old Dana
March 18—Presentation of "Seven Last Words of Christ" by choir
March 22—Easter vacation begins at 12:10 p.m.
March 27—Classes resumed
March 30—All school movie
March 31—Roller Skating party

The plan includes mailing the Hermes, sending individual letters from students and keeping a file of up-to-date addresses available.

The program is outlined so that it can be expanded or modified by the committee.

Olsen will serve a two-year term. Esther Lank and Lloyd Lorensen each hold down one-year posts.

Hermes to be Revamped, Beginning with Next Issue

After thirty-two years of continuous publication of the next issue the Hermes will have a new format. Feeling that the Hermes, the staff is proud to announce that beginning with the present size and make-up of the paper was not up-to-date, the staff decided that it was time for a change. After much discussion and revision a final new format was decided upon.

Burglars Steal \$800 In Cash and Goods from Old Main

Early Wednesday morning, sometime between 12 o'clock midnight and 7:30 o'clock, burglars entered Old Main and jimmied the doors of the canteen, the bookstore, all offices and the classrooms on the first three floors of Old Main. The burglars made off with a considerable amount of merchandise and cash. Paul Kloth discovered the burglary about 7:30 o'clock Wednesday morning and immediately reported it to Jim Hansen, manager of the bookstore and canteen.

The total amount of goods stolen, including cash, checks and merchandise, amounted to approximately eight hundred dollars. From the safe in the bookstore, the burglars took \$127.86, which was from the choir record album sales; \$130, which came from sales in the canteen; and \$182.67 in cash and checks belonging to the bookstore.

Merchandise stolen from the bookstore consisted of twelve cartons of cigarettes, a large number of pen and pencil sets, pencils and B.B. pens, three Dana "T" shirts, two dozen sweatshirts, one large briefcase, one red jacket and Jim Hansen's topcoat. These articles were all covered by insurance.

From the canteen, the burglars took cigarettes, cash, a coffee maker from the storeroom, and other small items.

The physics lab and biology lab were also broken into. Nothing was taken from the biology lab but three galvanometers, valued at fifteen dollars apiece, were taken from the physics lab.

A small panel truck was stolen from one of the Blair residents and found abandoned the next morning near First Lutheran Church. Also, Pastor Jorgensen, of First Lutheran Church in Blair, discovered his car had been stolen. The car was not found until Wednesday evening.

Missionaries to Speak At Morning Chapel Services This Year

Dana students and faculty members are having the privilege of hearing two missionaries this year. Miss Margaret Nissen from the Sudan Mission in Africa is on the campus this weekend, March 16-18. She spoke at the regular chapel service on the 16th and will speak at a special service to be held during chapel time on Saturday the 17th.

Miss Nissen will speak at both services at First Lutheran in Blair March 18th, and there will be a service in the evening at the church at which she will speak. Students will be able to have private or group meetings with her on Friday and Saturday. Miss Nissen visited our campus in 1946, and those who heard her then will remember the deep, lasting impression which she left with her listeners.

Plans are in the making to have Rev. Marius C. Dixen who is Sec-treasurer of the Santal Mission of the Northern Churches visit our campus the first part of April. At present Rev. Dixen is in Minneapolis.

The new Hermes will be a smaller size, 12 inches by 9 inches and will have four columns. Deciding that much of the Hermes news is often old, it was determined to print it biweekly instead of triweekly as it presently is. This new size and make-up will be in keeping with modern trends in college newspaper journalism.

Many other new changes will take place in the Hermes now and in the coming future. New features and up-to-the-minute news will be the standard instead of the exception. More pictures and cartoons can be expected.

Within the staff itself organizational changes will take place. There will be a deadline meeting every two weeks, at which time the staff will meet with the advisor. At this meeting all stories must be in, and any problems concerning the paper will be discussed. Through this reorganization we hope that the result will be a more cooperative and unified staff.

We hope that you will agree with us that these changes will make the Hermes a better newspaper and one which will serve you, the Dana student, more satisfactorily.

Negro Leaders Give Talk to Student Body on Race Problem

"Integration, not segregation" was the answer two Negro leaders gave to the Dana student body regarding the race question last Monday night, March 5.

The speakers were W. S. Fletcher, former head of the Omaha NAACP, and Whitney Young, executive-secretary of the Omaha Urban League.

Before the gathering of some 150 students Fletcher gave his theoretical views on the "race myth."

The Omaha school teacher recalled an instance at the U. of Nebraska where he and other members of a class were asked to make a chemical analysis of their blood. They gathered around him expecting some rare reaction. "They were amazed to find," said Fletcher, "that I was a normal human being."

Young, the first Negro faculty member at the U. of Nebraska, stressed the need of giving Negroes an equal chance in industry and other phases of society "for the common good of both groups."

In the questioning period that followed, 29-year-old Young was asked what he thought of the possibility of the extinction of the Negro people through intermarriage. The World War II veteran explained that the point is greatly exaggerated.

"When Negroes are asked what they want, they place intermarriage at the bottom of the list. When Whites are asked what they think Negroes want, they place it at the top of the list. They are wrong and statistics prove it."

Both men indicated that the church was failing the Negro and is often merely a symbol of prejudice. "You find segregation in churches everywhere," they indicated.

HERMES

THE MESSENGER FROM DANA

Published every third week during the college year, except holiday and examination periods, by the student body of Dana College and Trinity Theological Seminary, Blair, Nebraska. Subscription rate \$2.00 a year, in advance. Entered as second class material November 10, 1920, at Blair, Nebraska, under the act of March 3, 1879.

Men and Women Wanted

-- Ralph Spear

An employer who has a world wide monopoly in his particular field offers to you the highest positions ever offered to man. This employer offers to you the largest salary possible, the best tools to work with, sickness insurance, unrestricted room for advancement, and the best retirement plan that has ever existed which by far surpasses the Army's twenty year retirement plan.

Yes, there are such positions awaiting any one, regardless of age or sex, who has the following qualifications.

1. You must be a sinner. "For all have sinned and come short of the glory of God." Romans 3:23.
2. You must realize God's remedy for sin. "In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace." Ephesians 1:7.
3. You must accept God's remedy for sin. "For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." John 3:16.
4. You must have assurance of your salvation. "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ." Romans 5:1.

When you have accepted one of these positions, Jesus Christ gives you your commission, "Go ye therefore, and teach all nations, baptizing them into the name of the Father and of the Son and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world." Matthew 28:19-20.

God pays you the highest salary possible: Your salary is the soul that God saves through you. What a joy you will have in your heart when you see that God has used you to bring some soul to Jesus Christ. God also promises to provide all your needs. "... God shall supply all your need according to his riches in glory by Christ Jesus." Philippians 4:19, What greater salary could we ask than this?

God provides you with the best tools for the job: At birth God gave you certain talents as tools for his service and he has also given you his word which is the power of God unto salvation.

There is unrestricted room for advancement: We need to look at Jesus Christ to see our own imperfection and room for advancement and then follow his example advancing in our Christian life and striving towards perfection.

God provides his workers with sickness insurance: "And the prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him." James 5:15.

God promises you a very unique and wonderful retirement plan regardless of your length of service: "Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also." John 14:1-3. Today it takes approximately three months to build an average size house. Jesus Christ with his almighty power has spent more than 1900 years preparing a mansion for us and it is beyond our imagination to picture how beautiful and wonderful that place will be. What a wonderful, eternal retirement plan God promises his own. Are you now under God's employment? If you are may God bless you as you serve him daily. If you are not won't you start today?

"There is a world for us to win,
Sunk deep in guilt and sorrow,
Christ bore the burden of its sin,
To make a glad tomorrow.
Be ev'ry soul to action stirr'd
That all mankind may hear His Word.
Advance! Advance with the Bible!"

Dr. S. M. Miller.

Reviewing the News

-- Don Ofte

The biggest news of the last couple of weeks has been the enactment of price-wage controls. At first the bill was very vague, but it is shaping up now, and it is not hard to see which way the wind is blowing.

Price Administrator Di Salle has said, regarding price rollbacks, "Consumers cannot expect 1951 wages and pay 1940 prices." I doubt that the consumers want this but it is certain that they do not want to pay 1951 prices with wages that have lagged far below the price leap since Korea.

The painful part of this is that the "big boys" are profiteering to the nth per cent. For example, the Armour Meat Packing Company made \$500,000 profit in 1949, and in 1950 they made \$19,000,000. Their earnings increased 38 times and they did this by selling the same amount of meat! To make it worse, Di Salle has said that there will be no rollback in meat prices. There is also no ceiling on products for war production. One does not have to be a clairvoyant to see who is going to make money in this war.

As far as wages are concerned the National Industrial Conference stated that unless you've more than doubled your salary in the last ten years, you were better off financially in 1940.

Concerning the switchmen's strike, which has been causing such a furor throughout the country, I think we ought to look at the switchmen's side of it. While the corporations are "cleaning up," the switchmen are working seven days a week, 56 hours a week with no overtime. The switchmen have been negotiating since early last year for a 48 hour week with no satisfaction from the railroads. An interviewed switchman said that all they want is "a fair shake." He should have known better than to expect this, for apparently "them days are gone forever."

Wanted: Radar Mouse Trap

-- Esther Lank

Looking back to the beginning of the year I can recall how some of the girls' rooms were invaded by mice. One room caught six mice and they didn't even need bait, in their traps that is. Think of what a wonderful help it would be to have a radar mouse trap. It could draw all the mice from every nook and cranny of a room.

After talking to a victim of one of the night prowlers I decided that others should know why she is the frustrated young woman she is today. One night after she had finished studying, turned off the lights, and fallen into her bunk, she heard the pitter patter of tiny feet run across the floor. She held her breath and listened again in an attempt to find out what it was. It sounded like something was being dragged across the floor. Yes, she recalled how they had dropped some life savers on the floor earlier in the evening and now they were mysteriously being dragged across the room. The noise stopped and so she took a deep breath and settled down for a nights rest. This proved to be a futile attempt for the "thing" began to jump at some stockings which were hanging on a rack and the sound of its claws scraping the floor were magnified in the stillness of the night. Quickly and almost too suddenly, she reached for the light. The lamp teetered back and forth making strange shadows creep upon the floor. One of the streaks of light flashed on a running mouse. First she groaned a few times in a vain attempt to draw the attention of her slumbering roommates. Again and again the mouse bounded around the room. The frantic girl picked up her alarm clock, paraded out of the room and slammed the door, leaving behind the mischievous mouse in the care of her unsuspecting roommates.

If a radar mouse trap had been in this room the heroine of our story might be her normal self today. Therefore, I appeal to your scientific inclination. Here is your challenge, a chance to help the suffering humans around you. Until the radar mouse trap is invented I will continue my research on mice and men.

Postscript of a Letter to the Editor

THE READER SHOULD BEAR IN MIND THAT DUE TO THE PUBLISHING SETUP OF THE HERMES MUCH MATERIAL IS "Out of Date" . . . including letters to the editor. This particular letter in the last issue of the Hermes was written before the semester ended and before the new work assignments were in effect. IN NEARLY EVERY CASE, conditions expressed in the "Letter" have been changed for the better. That's a feather in the hat of the employment committee and Mr. Peterson. Most of the complaints of the writer have been remedied which were not in effect at the TIME OF THE WRITING OF THE LETTER . . . not the time of the publication of the Hermes. The committee is to be commended on several of the changes made.

The student employees borne in mind regarding G.I. benefits are not receiving those benefits THIS SEMESTER. The writer wishes to withdraw this charge. The charge was not made with the intention of criticizing G.I. benefits, contrary to popular connotation. Occasionally technical skill, knowledge, etc., are to be con-

Student Council Report

by Art Simon

The student variety exchange program, "Staff and Notes," was presented in the gym on February 18. This was the first presentation of this program which is scheduled to begin at Concordia, Nebraska Wesleyan and Grand View.

On the 5th of March at 8:00 p.m. in P. M. Chapel is another event worth your time. Two Negro speakers will give the student body their views on the race situation in our country today. W. S. Fletcher and Whitney Young are both well known in Omaha as progressive leaders.

John Nielsen has been appointed by the council to head a committee that will organize a system for our college to keep in contact with servicemen. Serving with him are LeRoy Andersen, Edie Skobo and Pres. R. E. Morton.

Attention musicians: \$15 prize for anyone submitting an acceptable original pep song for Dana. Any compositions submitted will be presented to the student body for the final verdict.

The student council recently sent out questionnaires to 23 other colleges—thanks to some efficient work by Joan Nelsen who was in charge of the typing and mimeographing. The questions related to student life and should shed some light on how we stand compared to other schools.

Janet Anderson and Lloyd Urbanek have been appointed co-chairmen of a clean-up week for next Spring. We're really going to give the campus a face-lifting.

In addition to the regular business at council meetings, we have been going through the constitution to recommend changes. A number of students have already voiced their opinions and made recommendations. So if you have any ideas along this line don't hide your candle under a bushel.

Don't forget, Student Council meetings are open to anyone who wants to come. That's Tuesday nights at 7:30 in the conference room.

REARVIEW MIRROR

The Junior's President

ELVA JENSEN

The campus spotlight this week is shining on Elmer Peterson, president of the junior class.

Elmer, or Elmo as he is frequently called, was born in Racine, Wisconsin, long ago on September 4, 1928. Ever since then, his address has been Racine, and he still calls that fair city home.

Mr. and Mrs. Nels Peterson's little boy is an energetic blond guy who is active in many ways around the campus. He works in the kitchen besides participating in many activities such as choir, L.S.A., Fine Arts Club, singing in an octette and a quartet, playing basketball for the Schnozes—"The team's named after the other guys!"—and, of course, steering the junior class along in his capacity as president. In past years he has also served as cheerleader and vice-president of his sophomore class.

This is Elmer's third year at Dana. Last year he attended L.B.I. where he first began giving his "chalk talks." He now gives them on deputation teams for Dana. These "chalk talks" consist of Elmer's illustrating, while giving a running narrative, the subject of his talk.

Elmer says his major is psychology, and his minors art and Christianity. When asked about his major interests, he said, "Marching," from which you can gather that Elmer is classified as 1-A by Uncle Sam.

So if you see a little blond fellow running around looking like he's terribly busy, which he probably is, that'll be Elmer.

considered in assigning jobs of a professional quality. THE WRITER FEELS THAT AT THE PRESENT TIME THERE IS NO CRITICISM ON HIS SCORE.

Perhaps the real long run purpose of the letter has been realized. Some of the workers are more conscientious in their work as a result (at least, so it appears).

It has been interesting to note that all of the people with guilty consciences regarding the comment in dark type on the last paragraph of the letter have prepared all sorts of rational defenses and therefore charge that the letter is inaccurate in this charge. The letter does not pertain to anyone who has indulged in the game of card playing for the fun of it. If you felt it hit close to home, you can rest at ease that it wasn't meant for your benefit and you are not the ones being commented on. THE INSTANCE CITED IN THE LAST ISSUE REGARDING "THE LITTLE SQUARE TABLES" DID NOT TAKE PLACE ON THE DANA CAMPUS.

The intention of the letter was constructive, contrary to any appearances.

Curly's Comments

CAGERS LOSE FINALE TO TARKIO!

Owls Clip Dana Five 48-45 in Last Game

For the spectators at the Dana gym February 26 it was a great finish for the basketball season, as the Vikings lost their final game to Tarkio, 48-45. The game was played at a fast tempo and until the final buzzer had sounded the Dana hopes had not died out. Paul Laursen, playing his last college game, was high point man with 19, followed by Nelson with 11. Tarkio played control ball and took the ball out of bounds instead of shooting the free throws and Dana could not stop their offense or get through their defense. Dana played without Harold McKercher, scrappy pivot man.

Francis Morrow, hustling Tekamah, Nebr., sophomore, takes a shot in the Vikings' 79-51 victory over Nebr. Central

The End . . .

The 1950-51 basketball season has come to a rather unsuccessful conclusion. Enough comments as to why and how the team ended up with a poor 5-15 record have been made so that no more needs to be said. Dana was playing opponents of a much higher caliber than in previous years. Season statistics are not complete yet, but Lloyd Lorensen led in the point making department with approximately 260 points. Bob Nelson and Paul Laursen hit 200 or better, and if Harold McKercher had not been injured, he too would have topped 200 points.

The school spirit this year was not nearly as good as the two previous years. Chalk some of this up to a losing team. While on the subject of spirit and team support, what happened to the arrangements that were to be made so that girls could attend out-of-town games?

Play Ball . . .

A good baseball schedule is being formed. If the pitching problem can be solved, Dana will place a very strong nine on the diamond this spring. Practise officially begins April 1. Some of the boys to watch include: Kenney L. Christensen, "Smiley" Jackson, "Moose" Zimmerman, "Nails" Nelson, Vaughn Christensen, "Lefty" Hansen, Bob Berthelsen, Charley Pedersen, Cal Jorgensen, Fran Morrow, Rod Gilchrist, Kenneth M. Christensen, and others.

Deferred . . .

Coach Keith Skogman does not have to take his physical examination until the middle of April. He may be able to finish the school year before he goes into service.

Vikes Defeat Wm. Penn 64-63 in Tense Overtime Game

February 23 was a bad night for any one with a weak heart who was at Dana gym where the Vikings and William Penn fought in a close battle that ended after an overtime with Dana winning by a slim margin of one point. With only seconds left to play in the regulation game, and the Vikes trailing by two points, Bob Nelson produced the tying basket with a long arched shot from near mid-court that swished through the net for the 56-56 count. The over time started fast with Dana scoring three baskets while holding Penn scoreless, but this was short lived as the invaders soon evened the count at 63-63. With only seconds left Senior Paul Laursen drove in for a shot only to be fouled. He received two shots and after sinking the first one elected to take the ball out of bounds and that was the ball game.

Dana Wins Three, Loses Seven Games

The Vikings lost a 71-62 game to the Tarkio Owls at Tarkio January 23. The Owls grabbed an 8 point lead in the first half, and the Dana five could not make up this deficit, although they did rally to within 6 points late in the second half. Lloyd "Bun" Lorensen did most of the scoring as he hit for 29 points.

Dana lost a heartbreaker to Luther College at Wahoo, Nebraska, by a score of 60-58 on February 3. The score was tied at the half 28-28. The score was tied with less than a minute to play when a Luther player was fouled. Luther elected to take the ball out of bounds and coolly passed the ball around until they got a set-up.

First Track Meet At Lincoln April 14

Track workouts begin officially March 15 for this year's Dana thinclads. Distance men have been taking advantage of the early spring weather and have been working out.

Tentative track schedule as released by Athletic Director Paul Peterson includes:

- April 14, Nebraska Wesleyan (Dana, Concordia, Wesleyan)
- April

My Operation

- Stan Petersen

My name is Sophie. My address is in care of Dana College, Biology Department, Blair, Nebr. I receive exceptionally good care at the hands of those who work in the room in which I live. You have probably guessed what I am by now; I am an experimental rat in the Biology Laboratory at the college.

I had an operation about three weeks ago, and since I am one of the feminine gender I like to talk about it. In preparation for the thyroidectomy, I was given a thorough basal metabolism test. This recorded my pulse and respiration rate. After a short rest, I was given ether. I don't remember anything that happened after this. The rest of my story was told to me by my physician, Dr. Lloyd Urbanek. Dr. Lloyd said he had to tie my legs to strappings that were fastened to tacks stuck in a wooden cheese box. Imagine, me, a rat, being tied to a cheese box. The exotic and lingering odor of the cheese almost drove me insane.

Before Dr. Lloyd could commence the operation he had to shave all the hair off my neck. At the same time Jim Jorgensen, the anesthetist, kept giving me ether because I was kicking around a little. After they had tied my head down, Dr. Lloyd calmly asked for the scalpel. This then was the beginning of the near end of me. I was at the merciful hands of my doctor and he realized that one slip of his scalpel would probably sever my windpipe. After a little probing around in the depths of my throat, my experimenting friends finally found what they were looking for. With a conquering cry, Dr. Lloyd grabbed the forceps and seized my thyroid. He then took a hot needle and with a sizzling sizzle, my thyroid was no longer a part of me.

To complete the operation, Dr. Lloyd sewed my incision with five stitches. I was put in a clean cage with plenty of food and water and watched every hour throughout that first night. After three ether had worn off, I was very groggy and senseless. It was impossible for me to stand up and eat for quite a while.

Now I am living like a queen waiting for another metabolism test to determine the effects my operation had on me.

Seminary News

Tuesday evening, Feb. 28, Trinity was host to the faculty, students, and their "wives" (both literally and figuratively). A fellowship gathering was held in the Women's Reception Room. The program began with a devotional emphasis and followed with a "mixer," during which time a lunch was served by the "wives" of our own Trinity-ites.

Trinity's male quartet has been active of late. They have given programs at Fremont Bluffs, Omaha, and Staplehurst and Cordova on successive Sundays. Money received from these deputations teams supports a Japanese theological student who is studying in a Lutheran seminary in Japan.

The community of Trinity Seminary, INC. was increased by one recently when John and Liz Nielsen became the proud parents of a baby boy. Congratulations!!

Trinity's local community also received a "tentative" increase when a certain "casanova" of the junior class recently popped that "timeless question." Yes—you guessed it—Lavaile Jensen and Virgil Andersen are now an engaged couple. Congratulations!!

Flash!!!! Due to the fact that a certain Roy Mumm has been "walking in the clouds" for the past few months, all indications point to him being the next Trinity-ite to "fall" into this elite class. What about that, Roy???

Intramural Standings and the Top Scorers in League

Team	Won	Lost
Scrounges	6	0
Maggots	5	1
Schnozzes	5	1
Burglar Boys	4	3
Whippets	2	4
Wags	2	4
Bachelor	1	4
Clowns	1	5
Motary Sojacks	1	5

The five top scorers in the league were:

1. Leonard Seegers of the Maggots with a total score of 69 points
2. Neil Moore of the Scrounges with a total of 62 points
3. Gene Levine of the Scrounges with a total of 61 points
4. Hilmar Kruger of the Whippets with a total of 56 points
5. Darrel Robertsen of the Maggots with a total of 51 points

Joslyn Choir Concert Underwritten by Omaha Supporter

The Dana College Choir sang a concert Sunday afternoon, March 11, at 4:30 P.M. in the concert hall of Joslyn Memorial in Omaha. This was a free concert with no admission or offering being taken. It was made possible through a generous gift of an Omaha gentleman who was highly impressed by the choir when it sang with Lauritz Melchior last October.

Since the choir returned from its annual tour, which took the singers as far east as Portland, Maine, the group has lost three of its members. All three left Dana at the end of the first semester. Margrethe Hansen left to set up housekeeping after being married last December to Don Petersen, also of Dana; Willis Olsen went home to Minneapolis to work and study; and Margaret Hansen entered nurses training in Milwaukee, Wis.

Count what is in a man, not what is on him, if you would know what he is worth.
