

Author-Professor Donates Volume

Dr. William Carlson Smith, sociology professor, has given to the library a copy of his book, **Americans in Process**. The text, which was published in 1937, is a study of American born citizens of Chinese and Japanese ancestry. It is based on the Pacific coast and the Hawaiian Islands.

Americans in the Making, published in 1939, is another book of which Dr. Smith is the author. It tells of the assimilation of immigrants in America, and is dedicated to the memory of Dr. Smith's parents, who immigrated from Sweden.

The people described in **The Ao Naga Tribe of Assam** live in the hills of northeast India. In 1925, when the book by Prof. Smith was published, they were a simple headhunting tribe. Recently they revolted against the government of India and are planning to set up an independent governmental system of their own.

Dr. Smith's most recent work, published in 1953 when he was professor at Multnomah College in Portland, Oregon, is entitled, **The Stepchild**. Prof. Smith did research on the subject when he was a probation officer in the juvenile court of Chicago and came into contact with stepchildren in his work.

Japanese Prints Are On Display

Twelve Japanese colored block prints are being displayed in the library beginning today. They depict country scenes in the islands of Japan, and are reproductions of famous block prints. The pictures belong to Jack Linahan and were sent to him from Japan.

Musicians Select Officers For Year

Band officers for this school year were chosen last Friday by the members of the band. Eugene Jacoby, a junior, was elected president. Vice-president is Jim Andersen, secretary-treasurer is Delores Petersen, and Don King has the office of librarian.

Faculty Women To Host Sunday Tea

Dana's Faculty Women's Club will be hostess at a tea for the women students of the college Sunday from 3 to 5 p.m. at the home of Mrs. Grace Brewster. Mrs. A. J. Snowbeck is in charge of arrangements for the tea.

Spiritual Emphasis Speaker To Be Rev. Edward Hansen

The Rev. Edward A. Hansen, pastor of Main Street Lutheran Church in Hutchinson, Minnesota, is the speaker for the services held during Spiritual Emphasis Days, Sept. 30-Oct. 3. He is the former dean of the Lutheran Bible Institute in Teaneck, New Jersey.

Recognized as one of the founders of the Lutheran Bible Institute in the East, Pastor Hansen served parishes in Nebraska and Minneapolis, Minnesota, before he became associated with the Bible Institute.

Fine-Arts Members Outline Activities

Dana's Literary-Fine Arts club held its first meeting of the year last Wednesday evening, according to Ann Lindholm club president.

Principle business consisted of the adoption of a constitution. The members also decided to show films on campus again this year as they have done in the past. One of the films scheduled for showing is "The Red Shoes."

This year the club plans on holding meetings the first Thursday of every month. The members are also investigating the possibilities of obtaining two fine arts specials for each month instead of the usual one. This would enable the girls in the dormitory to attend more out-of-town concerts and similar events.

Twelve students have purchased tickets for the series of concerts presented by the Omaha Symphony Orchestra. The series consists of one concert per month from Oct. through Feb. The Fine Arts Club sponsors these trips to the concerts.

Membership in the club is still open to anyone who is interested in these activities. Students are invited to attend a special meeting on Thursday, Oct. 4, when the rest of the officers will be elected.

He is widely known in youth circles of the Lutheran church, having formerly served as Youth Director of the UELC. At present he serves as chairman of the Joint Youth Publications Council, which publishes **ONE**, the magazine for Christian youth.

Registration Lists Enrollment Figures

Two hundred forty-three students have registered for the 1956-1957 school term, according to a recent report from the business office. Of this number, 144 of the students are men and 99 are women students.

Nebraska lists the highest number of registrations, with 110 enrolled. Iowa is second with 49 registrations, and Wisconsin lists 30 students. California reports a total of 11 and Minnesota has seven students listed.

Illinois and Maine have six each; North Dakota lists four; Michigan and South Dakota report three each; Kansas, Missouri, New York, Oregon, and Wyoming list two each, and Canada, Indiana, and North Carolina have one each.

Old Magazine Has Interesting Articles

Displayed in the library this week is a bound volume of a magazine published nearly seventy-five years ago. **The Century Magazine**, Volume 25, is an illustrated monthly from November, 1882, to April, 1883.

Readers will be interested in the article, "A New Profession for Women," on page 38 of the volume. It describes nursing as an almost unheard of occupation for women of that day.

Several topics are included in the magazine which are debated issues also in our modern day. Among them are, "Is the Jury System a Failure?" and "The Jewish Problem." The articles are found on pages 124 and 602, respectively.

One can learn something about the history of present-day Korea in "The Korean Origin of Japanese Art," found on page 224.

Students with a scientific mind will find the "new inventions" described in "The World's Work" both amusing and interesting.

Morton Editor By Council Appointment

D'Arlene Morton was appointed editor of the 1957 **Danian** at a meeting of the student council Monday, September 10. This appointment fills the vacancy left by Milan Johnson, who did not return to Dana this fall.

Editor Morton was associate editor of the 1956 **Danian**, a member of the staff of the 1955 **Danian**, and has had experience working on high school annuals.

Assistants to the editor are Joan Coffey, associate editor; Jean Coffey, editorial advisor; and Peter Smith, business manager. Staff members include Eugene Jacoby, Marilyn Ward, Margaret Meyer, Mary Jo Andrews, Pat Olson, and Dorothy Willmert. Norman Bansen is faculty advisor.

Bids are being received by business manager Smith from various year book companies for the publishing of the **Danian**. Early indications show that it should be ready for distribution two weeks before the end of the school term.

Jan Garber Signs Dana Grad of '55

Miss Shirley Andersen, a Dana graduate of 1955, has signed a contract as vocalist with the Jan Garber orchestra and will soon appear in Chicago with the group.

During her four years at Dana, Miss Andersen, a music major, was soloist with the a cappella choir and accompanist and soloist for the male glee club. She was selected to be featured in the publication, **Who's Who in American Colleges and Universities**, and was elected by the student body as May Festival queen of 1955.

Flesner, Landbo Fill LSA Top Positions

Vernon Flesner was elected local LSA president Tuesday evening. He replaces John Petersen, who did not return to Dana this semester. Harry Landbo was elected to the office of the vice-presidency, which Flesner formerly held.

Prof. Christiansen Senate President

Professor C. Arthur Christiansen was elected president of the Faculty Senate recently and Professor Norman C. Bansen was chosen as an officer of the Senate. Professor Paul Neve was re-elected to the position of faculty marshal.

Much At Stake In November Election

How many Danians who have reached the age of twenty-one are planning to vote in this year's general election? How many have looked into the voting requirements of their states? The deadline for registration is drawing near—or maybe you took care of that long ago.

We all know that Eisenhower and Stevenson are this year's presidential candidates, and that Nixon and Kefauver are their running mates.

But not as many persons are aware that there are many key senatorial positions at stake this year, and that all the U. S. representatives are up for election.

Is there a senatorial race in your home state this November? If so, who are the candidates? Have you acquainted yourselves with the issues at stake?

But, unless we exercise certain privileges and duties, such as voting, we are apt to find that they have been taken away, and, we will no longer have to choose a candidate—there will be only one who can receive our vote.

Be sure to vote—and remind others of their duty, too.

Dorothy Willmert

To All Danians . . . Let's Pep Up And Cheer!

Danians:

Dana is a great college and I am already learning to love it dearly. But, there is something vital missing, **PEP!** Our football team needs support and we are the only ones who are expected to give it to them.

They want and need to feel that the student body is behind and plugging for them, all the time. This pep isn't going to shoot up from nowhere, but each of us has to do his part and soon. Through practice and "peppy" pep-rallies we will have a good cheering section.

The pep club is a fine organization at Dana and it would be a good gesture for all students who do not participate in athletics or the band to join. In this club, we, the cheerleaders and the pep members, meet and go over our old cheers and learn new ones. This is one sure way we have of supporting our team and being positive of a strong cheering section. So I urge everyone of you to join.

For the remaining games of the year, let's see if we can't get more cooperation and really show the team our pep and support by "yelling our heads off."

J. Gluhon Reports On Reconnaissance of Earth

Zephenius:

As I made my first reconnaissance of earth, I noticed a flickering light on a hilltop and stopped to investigate. On closer examination, the light appeared to be an earth signal of some sort, for two-legged creatures of a strange specie were rapidly running into a gap in a big rock.

Directly opposite this rock, stood another of the same size

and shape. However, only the rock with the flickering light attracted these two-legged beings at this time. It was also the only rock which was later sealed shut.

Sealing Process

Immediately after the sealing process, it was silent except for occasional high pitched sounds emitting from the strange looking rock as groups of the creatures chattered (I later determined) to each other.

While some occupied themselves with this chattering, others played weird games such as throwing a liquid at each other or hiding different objects from their comrades. These actions usually produced much howling and wailing, but did not seem to be worthwhile otherwise.

Queen Reigns

Occasionally one, who I believe to be a queen of this
(Continued on page 4)

Use Your Imagination

Can you imagine—
A Dane who wouldn't admit it?

Students making as much noise in the library as the librarians do?

Larry Jorgenson laughing without being distinguished?

No 7:50 classes?

Reading the **Hermes** before you crumple it and throw it out the nearest window?

All the football players in training?

Finding a parking place when you're in a hurry?

Hack (Philby) with blond hair?

No one complaining about what we had for supper?

An Annual Event; Frosh vs. Beanies

After a couple of weeks of wearing their beanies, it seems the frosh are becoming acquainted with the fact that they are definitely College Freshmen. Some, however, with the little red caps on their heads, can hardly wait until the day comes when they can once again be beanie-less.

Upper class warnings as to the fate that befalls non-conformists are keeping most of the beanies in full view. Some—at least one—have even been known to wear their beanies to bed. That's what we like to see—Spirit!

Beanie Thief

Elvis Presley II, so rumor has it, wasn't satisfied with the Dana beanies, though, and picked himself a new one. Just because it's orange and black one gets the idea that it belongs to some unfortunate Midland student. Could be.

All in all, however, things beanie-wise are progressing along normal lines. About the only items left on the calendar concerning them are initiation day, Beanie Court, and the Frosh vs. Upper-classmen tug-'o-war. All are awaited with varying degrees of eager anticipation, depending upon who does the anticipating.

Most are getting prepared for anything—for anything can happen; and usually does!

Vikes Fumble, Foul Way Goal Dust... To 28-0 Midland Loss

by George

Two Dana fumbles and accompanying penalties set the stage for the first two of four Midland touchdowns as the Vikings were set down 28-0 at Midland Saturday.

Both fumbles gave Midland possession inside the Viking fifteen.

The first Warrior TD came after the Red and White had held for four downs. Then a penalty gave the host team a first down on the one.

In the second quarter the second expensive Dana fumble was followed on the next play by a pass interference ruling which gave Midland possession on the Viking two.

Dana lost 75 yards in penalties during the first half. Midland held a 120 to 46 yard edge in rushing during those two quarters.

In the second half the Fremonters boosted their rushing advantage to 160 to a minus one for the Vikings.

Dana held a six yard edge in the passing department however.

All four Midland extra point attempts were perfect.

Hack Philby was Dana's chief offensive threat consistently picking up yardage on running plays. He carried for 53 yards in 12 attempts, an average of 4.4 yards per carry. Jim Kruse carried four times, gaining 21 yards for an average of 5.25 per carry.

Midland's defensive wall rushed quarterback Jan Philby merci-

lessly, breaking up most of Dana's passing combinations. An 11 yard completion to Gaylen Hafar was the junior signal caller's longest passing gain of the evening.

Philby averaged 28.8 yards on his many punts.

The loss gave Midland its first win over the Vikes in three years. Dana has beaten the Fremont school only three times since the football rivalry began in 1927.

Ten Teams Sought For Coed Bowling

Plans are being made to have co-ed bowling every Sunday evening again this year at the Blair Recreation Alleys.

Milt Jensen is in charge of the arrangements and is encouraging more participants to sign up. At the time of this writing, only two teams have been entered. Eight to twelve teams are necessary.

If enough bowlers sign up to form twelve teams, the teams would bowl every other week rather than every week as has been done in the past. An arrangement such as this would cut down on the cost for each individual and would also enable the end of the year playoff to concern the top three teams in each league.

Now What? . . .

In 1954 Dana opened the season with a win over Midland. It was the last Viking win of the season.

In 1955 Dana opened the season with a win over Midland. It was the last Viking win of the season.

In 1953 Dana opened the season with a loss to Midland. That year they went on to win the CCCC championship.

In 1956 Dana opened the season with a loss to Midland.

In 1927 . . . As humiliating as a 28-0 loss to Midland is, it pales to relieving insignificance when compared to the result of the first Dana-Midland grid contest back in 1927. Midland won that year too, . . . 101-0.

We'll get 'em in basketball.

How to Make a Bag of Peanuts Pay Off

• Ever thought how much the cost of a bag of peanuts saved each day can mean to your future? Did you know, for example, that for those "peanuts" you can own an endowment policy of \$2,200?

Let's say you want money for retirement at age 65. Here's how those "peanuts"—20¢ a day—pay off for you . . .

After only 20 years you're all paid up — then at age 65 you get back all you've paid in — plus a gain of \$2,000 in interest and dividends (per present rate of dividends). And you've been protected for the full amount of the policy during the entire time!

This kind of pay-off is why hundreds of students start their insurance program with Lutheran Brotherhood right while they're in school. Interested? Write . . .

Law School Tests To Be Given Soon

Princeton, N. J., September 14: The Law School Admission Test required for applications for admission to a number of leading American law schools, will be given at more than 100 centers throughout the United States on the mornings of November 10, 1956, February 16, May 4, and August 10, 1957. During 1955-56 over 11,000 applicants took this test, and their scores were sent to over 100 law schools.

A candidate must make separate application for admission to each law school of his choice and should inquire of each whether it wishes him to take the Law School Admission Test and when. Since many law schools select their freshman classes in the spring preceding their entrance, candidates for admission to next year's classes are advised ordinarily to take either the November or the February test, if possible.

The Law School Admission Test, prepared and administered by Educational Testing Service, features objective questions measuring verbal aptitudes and reasoning ability rather than acquired information. It cannot be "crammed" for. Sample questions and information regarding registration for and administration of the test are given in a Bulletin of Information.
