

## Committee Working to Solve Anticipated Student Increase

Plans are being made by the administration to solve some of the problems created by an increased enrollment anticipated for Dana next year.

An increased enrollment means over-crowding both schedules and facilities. Solutions to these problems are being discussed by the executive board, the Dean of Women and the Dean of Men.

Two possibilities exist in helping ease the problem of "too many eaters for our dining hall." One is eating cafeteria style, and the second is eating in two shifts, probably at 11 o'clock and at 12 o'clock. This would mean holding classes during the 12:20 to 1:10 period.

No decisions have been made. Certainly progress creates just as many problems as it solves.

## Three Represent Dana at Meet

Dr. Reuben Poston, Mr. A. J. Snowbeck and Rev. Alvin Petersen, a member of the Board of Trustees, of Lincoln, represented Dana at a special meeting of the NACC Thursday, February 19, in Lincoln. The meeting was called by NACC President, Dr. Robert Nemeschy, of Luther College. The regular meeting will be held March 6, at St. Mary's.

The discussion was centered around Bills LB30 and LB587 which are now before the Unicameral. These are of special interest to church colleges. They have to do with granting the University of Nebraska permission to offer extension courses throughout the state. The general consensus of church college people is that the University of Nebraska should only offer courses in a community which is mutually agreed upon by it and the church college in that area.

## 35 Cadet Teachers Train This Semester

Thirty-five students will have done cadet teaching by the end of this semester. The time spent in cadet teaching ranges from two and one-half weeks to five weeks.

The following are some of the schools taught in and the number there: Blair Central, four; Blair North, three; Blair West, three; Cuming City, one; Florence, Omaha, one; Herman, one; Kennard, one; Mondamin, Iowa, one; Maney, Washington County, one; Tekamah, ten.

Each student observes for a day or more depending upon the

## David Smith Named to Who's Who; Eighth from Dana

David Smith, senior, is an additional member of the Who's Who Among Students in American Universities and Colleges.

This announcement was made recently by Dr. Elmer Rasmussen. Seven other members were announced earlier last fall. These nominees are made by a faculty committee and are chosen on merits of leadership, and cooperation in education, general citizenship, and his promise of future usefulness.

David is president of the Science Club and Honor Society.

## Author and Former Danian Visits Here

Jens Larsen, scholar and author from Irving, Illinois, visited the Dana Library February 23 and 24 for the purpose of doing research. A former ULC pastor in the Virgin Islands, he has written a history, **Virgin Islands Story**. While here he autographed the library copy of this book and of another of his own works, **10,000 Tom Toms**.

He is at present writing a book about the African slave trade and slavery in the West Indies. He stated that several books he used here could be found in none of the other libraries where he had done research work.

Mr. Larsen was a student at Dana College in 1912-13. While here this week he visited a former professor, Dana's neighbor, Mr. N. T. Lund.

## Coordinator to Give Ideas About Majors

Coordinator Dr. John Gimbel will be on Dana's campus Thursday, March 5, to evaluate and give advice upon Dana's obtaining three more subject majors. These majors are in the fields of Speech, Art and Languages. Dana now has 16 major subjects and these three would give us a total of 19.

Dr. Gimbel is associated with the North Central Commission of Liberal Arts Education.

Dr. Gimbel will meet with various committees while here on campus. Students will also have an opportunity to talk with Dr. Gimbel in an informal session in the Canteen.

He will close his day by addressing a special faculty meeting on the subject related to "Upper Division Offering", and will also sum up a number of his observations, which he has made during the day on what Dana has done, especially in comparison with other colleges.

## Amphitheatre to be as a Result of Tues. Student Body Election

Three projects found favor with the students of Dana Tuesday, in the postponed all campus election. They were 1) an amphitheatre, 2) tile floor for the Pioneer Memorial Chapel, and 3) lighting for the tennis courts. Included in the list of projects were stage curtains, lighting for the stage, a flagpole, and housing for the Victory Bell. The winning student body projects will be submitted to the next meeting of the Student Council for final approval.

### Amphitheatre Location

The amphitheatre will be located west of the Girls' Dorm. There is

a natural bowl for the location of it, and the estimated completion cost is \$200.00. Tile flooring for the Chapel is estimated to cost \$500.00. The cost to light the tennis courts, \$200.00. These projects are not yet definite, they still must pass the Student Council.

### 191 Votes Cast

The number of students who voted totaled 191. Of this total 171 votes were acceptable; the other votes didn't meet the requirements which are included in preferential balloting. Ike Jenkins, election chairman, said, "The number of students who voted could have been greater."

## Liberal Arts Reading Course Discussed Before Future Use

How do you like Dante's **Inferno**? This is a question that has passed from mouth to mouth in the past month. Dana College indeed has pioneered a unique reading course in this Liberal Arts Reading course. Recent articles appearing in **One** magazine and in the **Omaha World-Herald** have spread the news of the Dana College great book course.

### Program Comparatively New

This program was started at Dana just three years ago so it is still subject to change. In an interview with Professor Lloyd Refsell, a member of the committee that selects the books, the objectives of this course were discussed.

## Three Attend 83rd Music Convention

This week Mr. Paul Neve, Dr. Wayne Wise and Mrs. A. Gordon Ferguson are attending the National Bi-Annual Convention of the Music Teachers National Association in Kansas City, Mo. The convention lasts from February 24 to February 28. It is the 83rd convention of its kind and will deal with the various parts of music, its theory, and composition. Besides talks on these subjects there will also be a number of recitals. Much of the music presented at the convention will be of the Contemporary School.

**NOTICE:** Bible studies will be sponsored by the L.S.A. weekly on Sunday at 10:00 - 10:45 on the Letter to the Colossians. These meetings will be held in the Canteen lounge for the entire campus. Noel Petersen will lead this Sunday's discussion.

He felt that the course was designed to: 1) promote the reading of great works of literature which otherwise would go unread, 2) unify the campus around a common intellectual endeavor, 3) to acquaint the student with fields of interest and study outside his major and minor fields of study, thereby helping to produce a well-rounded individual.

This interview with Professor Refsell led to a discussion of what kind of books should be included in a course of this nature. Those suggested were: 1) classics such as Plato, Aristotle, Dante, and others, 2) representative works that are not necessarily considered great books but are in a major interest field such as science, art, sociology, or psychology, 3) controversial books such as Darwin, Freud, or Pound.

### Objections

There are many objections that students and faculty members alike raise. One big objection students raise is this: If this

(Continued on page 4)

## The Caldron

by Alyce Nelson

This is your roving reporter coming in for a landing. Watch out, I'm on that big snow flake and I'm going to fall right on you if you don't clear the path. Yep, the snow fall Sunday night brought me to earth to see what's going on.

With the prediction of Dana 75 years from now, Dave and I made room for this advancement by moving the HERMES office to the moon. It certainly is hard to gather news this way, as we don't often know what's happening. I wish there was some way to get our reporters to gather the news for us. Guess we'll have to have some sort of way of having our readers clue us in on the hot news.

Congrats to the girls team who played a good game Thursday night against Mercy and also Tuesday night against the Breezes. You're on the way up to receive your trophy.

Guess I'm not the only one returning to the Dana campus this week-end. The basketball team is back after a week-end of tough playing against Kearney and Hastings. We might add that Friday night it is said they played a nice game, we can see by the 8-point difference in the final score against a tougher team.

It was nice to have the Cultural Attache Carlo Christensen on campus for two days last week. He brought much to our campus with his lectures and his personality. Perhaps some day some of us will have an opportunity to visit him at the Royal Danish Embassy in Washington, D. C.

The deputation team which traveled to Albert Lea, Minn., last week-end had an extended trip as the roads were not clear and they were delayed. Karen Jensen, driver for the team, says that they left Albert Lea at 7:30 a.m. and arrived in Blair at 5:00. Guess I should have called in from space and warned K. J.

The Dana Folk Dancers performed Saturday night at the Offutt Air Force Officers' Club in Omaha. We were well received and ate our way into and out of a private dining room. Food was delicious.

Back to the moon, via a North Wind (David), if you have news be sure and let the Hermes staff know. The address is Hermes, Moon Mail.

## Are There Too Many Christian Organizations on Our Campus?

Is it possible that there can be too many Bibles on the campus of a Christian college? According to a number of people, the answer to this question is evidently "yes." The reason for the affirmative reply seems to be that attendance at religious programs and meetings steadily declines throughout the school year. The decline is supposedly due to the fact that there are too many organizations and activities on campus with a devotional theme.

But, did it ever occur to these people that every person is unable to attend every meeting of every organization? That each organization reaches a different group of the student body? That these organizations are not "competing strongly with one another" but are supporting one another by keeping the religious theme in the attention of students? That even if "seven organizations meet 13 times a week" the total number of hours of religion is appalling when the total number of hours, 168, in a week is considered?

The answer is within reach of every person on campus—those who attend devotional meetings and those who do not. The cause can be stated in 11 words. They are: there are too many Bibles on campus—too many unused Bibles.

These meetings aren't in vain; for if only a few meet in God's name, some good is accomplished in His eyes. Remember, the Lord Himself has said, "For where two or three are gathered together in my name, there am I in the midst of them. Matt. 18:20.

Marilyn Ward—Lifted from Oct. 8, 1954, Hermes

## Public Relations Tells The World About Dana

One of the most important departments on Dana's campus is Public Relations. So often we fail to realize the job that they are doing.

As the name implies, the prime function of the Public Relations is to "tell the world about Dana." This of course is broken down into various categories.

The first is news service. Its purpose is to give information about the college. Publications, the second category, deals mainly with the college bulletins that are sent out every year to all students. Another of their biggest jobs is to keep in contact with the Alumni. And finally all other odds and ends are summed up under general publications.

The Public Relations, in addition to the above, must handle any event on campus to which the public is invited. They must take care of any Luther League or outside group that visits our campus.

In conjunction with the Public Relations Office are the Admissions Counselors. Their job is to go out to the public and talk to prospective students and congregations that support Dana. They must create interest in Dana and answer any questions people may have. All their work is done in the Midwest. When they return to Dana, they inform the Public Relations Office the places they feel should be supplied with further information about Dana, and the Public Relations Office takes care of it.

We should certainly be aware of the work that is being done to promote a bigger and better Dana. But at the same time it is important to remember that we, as students of Dana, are the best Public Relations any college can have. Now that Dana is growing it is necessary that we make a special attempt to spread our Dana spirit wide.

## Library Books Seem to Have Had Strange Diets in Past Years

On the desk in the library reading room stands a sign which says: "Read me, but please don't feed me."

The Dana College library has found a number of unusual things in its books, usually in those given to the library, but some in those purchased by the library. Besides the usual pieces of string, cookie and cracker crumbs, and book marks, many other stranger things are found.

Here's one—a doctor bill: "Medical Service: \$23.75." What for, we wonder? ??

Another—a lock of faded, silky brown hair, curled and tied with a narrow, pale blue ribbon. Whose??

Still another—a scenic postcard, dated sometime in the 1920's, saying: "Mom: Having a swell time. Hope your fine." Guess they had trouble with "your" and "you're" back in the twenties, too. One letter found asked for some needed cash—"Have to pay for ski pants."

Also found are gum wrappers (Black Jack—um, good!) and pressed flowers, such as a calla lily, some carnations, rosebuds, ferns, linden leaves, and others. Who knows what memories these hold for someone!

Here is a note, reproduced (with the names changed): "Dear Miss Brown: John Johnson will not behave. I cannot govern him any longer. Miss Dee." Another: "My dear Miss Brown: John Jackson acts so bad that I have sent him down to you by a good hard whipping." This one was signed by two teachers.

Also found were pages of penmanship exercises from Motley School in 1913-1914. Who knows where this Motley School is; it could be Omaha, Minneapolis...

Still another, a program from the March 21, 1930, presentation of the operetta, "Lelawala," by the Blair High School. And a program from the Sera Nursery School in Blair, which held a Mother's Social Meeting on May 2, 1935. Of special interest is the menu, which offers "peanut butter and raisin sandwiches, savory Spanish wheat, and coffee."

Have you found any strange things in the books you've been reading lately?

# Vikings Suffer Two Week-end Defeats Fall to Hastings 51-59 and Kearney 59-96

The Dana College Vikings suffered two defeats in their road trip over the weekend when they were defeated by the Hastings Broncos by the score of 51 to 59 at Hastings and suffered defeat by the score of 59 to 96 at the hands of Kearney State Teachers at Axtell.

In the first game, played Friday evening at Hastings, the Vikings played heads up ball with Dick Jensen scoring 14 points for Dana. Murice Fuller, a classy guard, took game scoring honors with 16 points.

Hastings took an early lead and were never headed by the determined and fighting Vikings who pulled within two points with eight minutes remaining in the first half. The score at the half read 18 to 27 in favor of the Broncos.

The second half the Broncos increased their lead to 16 points with four minutes remaining in the game and a late Dana rally scored eight points while leaving Hastings scoreless.

The game was a fast moving game with only 24 fouls being called, nine on Dana and 15 on Hastings. Hastings was able to connect on 13 of 14 free throws.

Saturday evening found the Kearney Antelopes and refereeing too much for the Vikings. Dana started the scoring with a

field goal by Bud West and a free throw by Myrvin Christopherson to take an early lead of 3 to 0 but Gary Schmidt put Kearney in the lead to stay with four quick field goals.

With three minutes gone in the first half Bud West, while driving for a layup, was called for charging when one of the Kearney players put a block into Bud and sent him flying through the air and landing on his back. Bud was sidelined the rest of the game with his injuries.

Myrvin Christopherson and Don Jorgensen playing their best offensive game all season shared scoring honors with 14 points apiece. Gary Schmidt for the Antelopes scored 33 points on 15 field goals and three for three free throws.

The half ended with the score 21 to 48. Kearney also scored 48 points in the second half while Dana scored 38.

## Bears Take First in Intramurals

The Bears shot into first place in the DISC intramural basketball league Monday with the help of two other teams. One team was the Rams who lost their game with the Bears by 23 points, 50-27. The other team which helped the Bears was the Cards. They won their second game of the year by defeating the team which was tied with the Bears for first, the Lions, 34-22. The Giants pulled a game out of the fire by overcoming the Eagles by 2, 28-26.

## Girls Down Breezes 53-36 Tues.; Layton Sinks 37 for Honors

The Dana Vikingettes defeated Omaha Breezes Tuesday night 53-36 in one of the most important games of the season. Now only two teams hold top berth in league standings—Dana and Roth Packers.

Fabulous Donna Layton came through with 37 points to take game honors. If girls are classified in the same category as the basketball boys, this fete ties her for the all-school scoring record held by Bill Davis and Fritz Youra. Layton's total in league competition has now mounted to 187 in 10 starts.

June Santage, while playing most of the game as guard, came through with 10 points in the last few minutes of the contest. Mary Kay Albers copped scoring honors for the Breezes with 14.

The game was a much closer contest than the final score indicates. At half time it was 18-17, Dana's favor, and going into the final period, the Vikingettes led 27-25. The Red and White tallied 22 points in the last four minutes to cinch the victory.

Tonight Dana travels to Council Bluffs to take on Mercy Hospital at 6:15 at St. Francis High School.

Next Thursday night the Vikingettes encounter Roth Packers for a crucial contest for top honors.

## Dana Ties for First with Three After Win

Donna Layton played true to form last Wednesday night by scoring 15 points to lead Dana in a 32-26 victory over Mercy Hospital. Donna Petersen racked up 10 counters to cap second place honors. However, Carmen Cordes of Mercy walked off with game honors with 16 points.

It was a fast moving ball game with both teams throwing the ball away innumerable times. Poor ball handling was the key to victory.

Coach Everett Johnson switched June Santage to stationery guard early in the contest in order to stop Cordes' accurate hook shot. This left Layton alone at the post in the forecourt and proved quite successful.

As a result of this game the Vikingettes hold a three-way tie (Continued bottom next column)

## Tomorrow, Saturday Dana Meets Two

Wayne will visit Dana Friday, February 27, to try and take their second victory of the season over the Vikings. Dana, led by Dick Jensen, will be trying to come up with their fourth conference victory. Meanwhile Wayne will be trying to keep their season just over the .500 mark.

Fresh from a 96-59 victory over the Vikings just seven days ago, Kearney will be trying to make it two in a row here Saturday. Dana will be trying to stop Gary Schmidt and Collinson who are both high in the league scoring column. Dick Jensen, still fifth in the league scoring after two "off" nights, will be trying to keep the Vikings in the ball game. Come on Vikes, go get them.

## Jensen, Huston Will Play Last Game Sat.

Dick Jensen and Ron Huston will be playing their last game for Dana Saturday night against Kearney. Both of these players have been a valuable asset to our squad.

Dick comes from Milligan, Nebraska, and transferred to Dana from the University of Nebraska in his Freshman year and has played on the varsity team ever since. His total points up to date are 280 which puts him in fifth place in the conference. He was picked "player of the week" by the Omaha World-Herald.

Ron enrolled at Dana as a Freshman from Benson High in Omaha and began playing on the varsity team that year. He received Honorable Mention in the CCCC in 1957 and this year he is the captain of the team.

Congratulations to you both for doing such a fine job for Dana this year and in the past.

for first place in the A.A.U. league competition. They share top berth with the Roth Packers and the Omaha Breezes with a record of 7-2.

## Hoeger Champion in Table Tennis

Dana's Table Tennis champion of 1957-58, Prof. Hoeger, maintained his championship form by beating all comers in the 1958-59 Men's Intramural Table Tennis Tourney which ended on Jan. 30.

Prof. Hoeger started at the bottom of the ladder and climbed to the top by challenging and beating all his opponents.

A ladder tournament starts with all entries lined up on a board which resembles a ladder. Any player may "challenge" the player one or two rungs above him.

Order of players at the finish:

1. Prof. Hoeger
2. Tim Larsen
3. Prof. Weckmuller
4. Prof. Hansen
5. Larry Morrow
6. Ralph Hansen
7. Prof. Refsell
8. Duane Petersen
9. Waldo Junker
10. Herbert Panko
11. Lowell Jacobsen
12. Emory Anderson
13. Ron Huston

## Stu. Council Meets Three Issues Feb. 19

Four student body projects were added to the previous list of four for Tuesday's voting at the February 19th meeting of the Student Council. These projects are: 1, tiling for Pioneer Memorial Chapel; 2, added stage and spotlights for the gym; 3, bicycles for student rental; and 4, lighting of the tennis courts.

LSA requested permission to use the canteen lounge for a Sunday morning Bible study each week; approval was given by the Council.

Several members of the Student Council criticized the method of choosing teams in the present intramural program; it is felt that more is being done to discourage interest and participation than it is to encourage them. It was decided to present these things before the intramural council, DISC.

### CADET TEACHING

(Continued from page 1)

teacher with whom they are working. After observing, the student takes complete charge of the class. This means many long hours of planning on the part of the student. The cadet teachers realize that this is only a taste of what is to come and they take it in stride and anticipate the day when they will be a certified teacher.

## Wife of the Late Pres. of U.E.L.C. Honored on Her 75th Birthday

Mrs. N. C. Carlson, wife of the late Dr. N. C. Carlson, who served as president of the U. E. L. C. for a quarter of a century, was honored Monday during chapel by a memorial service in commemoration of her 75th birthday anniversary.

Dr. C. C. Madsen conducted the service which revealed 47 years of attendance of her family at Dana College and Trinity Seminary.

At this service she was presented with a bouquet of flowers and an album of letters from her family, Dr. William Larsen, president of the U.E.L.C., and other wellwishers. Also at the service a telegram was read from the oldest congregation of our synod, Emmaus, of Racine, Wisc., and a recording of five of her granddaughters was played.

### LIBERAL ARTS READING

(From Page 1)

course was given a full hour of credit, the general education requirement would be raised an additional four hours (one each year) and as a result of this, less time would be available for the student to work on his major and minor.

If you have any suggestions as to how the course can be improved, tell your student representatives on the Liberal Arts Reading committee: Don Jorgensen, David Smith, or Mary Jo Andrews. The three faculty members on the committee are Mr. Lloyd Refsell, Miss Luella Nielsen, and Mr. A. Gordon Ferguson.

## Cultural Attache Christensen Tells of Personal Friend Munk

Carlo Christensen, the Cultural Attache to the Danish Embassy, spoke on "The History and Literature of the Danish Americans" in the College gymnasium last Thursday evening. Approximately 175 students, teachers, and friends were gathered the next afternoon in Pioneer Memorial Chapel to hear another address by Mr. Christensen on Kaj Munk.

At the evening lecture the attache told of Denmark's origin. Today Denmark has a citizenship population of four-and-one-half million, 350,000 of which are in the U. S.

A comparison of America's earliest writings, those of John Smith in 1608, was made with Denmark, by Jens Monk in 1619. Even as Smith described the happenings in Virginia during the early days of settlement, so too did Monk picture the action of Danish explorers in America at Hartsung Bay, or Nova Dania as they called it.

Mr. Christensen also told of the great political martyrdom suffered by Kaj Munk. When an order came from the Church Ministry that Danish pastors were no longer to speak against Nazism, he immediately returned a letter saying, "I hereby take the liberty to inform the honored Church Ministry that I intend not only to disobey its orders but to act directly against

them. The Danish pastors are sworn in on the symbolic books and a great many other things, but have not as yet had to swear allegiance to the Minister of Foreign Affairs. It is better that Denmark be endangered in her relationship to Germany than in her relations to our Lord Jesus Christ."

For these actions he was shot by the Germans.

Mr. Christensen made this story live for us by his living witness to the actions of Kaj Munk through friendship. It was a great privilege and honor to have this distinguished gentleman from the Danish Embassy in our midst.
