Seniors To Test Knowledge In Graduate Record Exams

Tests To Be Given Next Thursday and Friday

Graduate record tests will be given to all seniors during the afternoons of April 12 and April 13 in PM 318. Two tests will be required of the students. One is the area test which evaluates the knowledge of each student in background information—English, mathematics, history, etc. The other is the advance test which examines the student in his major field of study.

There are two main reasons for giving the tests, according to Dr. E. M. Rasmussen, Registrar. The

results of the tests give the administration a chance to evaluate the work at Dana with the work of other colleges in order to improve the curriculum offered. From these examinations, the students themselves obtain information for use in applying for scholarships in graduate work.

Each student will get an individual report of his results as they are compared with other students in the country as well as with those of the other Dana students.

Pre-Sem To Invite Public to Meeting

Monday evening the Pre-Seminarians will host the Rev. C. Guzman from Omaha who will speak on his work with the Spanish speaking peoples of Omaha and Mexico.

Because of the uniqueness of Pastor Guzman's work, the organization has opened its regular meeting to the student body and faculty. The program will commence at 7:00 p.m. in Pioneer Memorial 318.

At the present time Rev. Guzman is serving as pastor of Gethsemane Lutheran in Omaha.

Faculty Approves Women's Smoking

At a recent faculty meeting, the resolution to permit Dana women to smoke was approved. The problem had been placed before the committee of student personnel and they in turn presented the question to the faculty for a vote.

Final decision of the matter now rests in the hands of the Association of Women Students. Since the constitution of the Association specifically states that women on Dana's campus are not allowed to smoke, the constitution will have to be amended if the women themselves vote to permit smoking.

The resolution states that smoking would be permissible only under definitely defined rules.

H. Knudsen Wins Body Presidency

Herb Knudsen is the president-elect of Dana's student body. After learning of his election victory Herb made the following statement: "I am very grateful to the student body for showing their confidence in me by electing me student body president. I'll strive to serve in this capacity to the best of my ability."

Elected vice-president of the student body was Richard Jorgensen. Ceva Hanson and Harriet Putnam were elected secretary and treasurer, respectively.

'Faculty Follies,' April 7 Donates Profit to Pool Open House Follows Quadrennial Show

On Saturday, April 7, at 8:00 p.m., the Dana faculty and administration will present a variety show, "Faculty Follies," in the Alumni Auditorium. An admission fee of 50c per student will be charged; the proceeds are to go to the Swimming Pool Fund.

Including all of the faculty and most of the administration, the two hour show will consist of some music, much action and will have "lampooning" of both students and faculty.

As a tradition, this show is presented every four years, thus enabling every student to see it at least once during his college career.

During the intermission the Faculty Women's Club will sponsor a candy and baked goods sale to add funds to the special scholarship fund being set up by them.

Open House will be held in both men's dorms and the units from 10 to 11:30 p.m. immediately following the program.

Debus Addresses S.A.M. on Tuesday

S.A.M. will be featuring Mr. P. A. Debus as guest speaker for their April 10 meeting in Old Main 203 at 8:00 p.m.

At the Tuesday meeting Mr. Debus will speak on the topic "The Role of the Federal Reserve System in Our Economy."

Mr. A. P. Debus is presently vice-president of the Omaha branch of the Federal Reserve Bank of Kansas City.

Refreshments will follow the regular meeting.

Kellogg Foundation May Aid Library

Approximately 250 small liberal arts colleges in the United States will receive a total of \$2,500,000 from the W. K. Kellogg Foundation in the next three years, and Dana is one of the colleges that has applied for this aid. The money is to be used to help improve the library facilities of each recipient college.

Qualifications needed by a college to be considered for these grants are regional accreditation, well-organized teacher education program and a real need for financial assistance to improve its library. Each participating college has had to draw up a careful long-range plan for bettering its library.

Only those divisions of the college which directly participate in teacher education will be directly aided by the purchase of additional books and these books are to be ones that cannot be financed by the library's regular budget.

Lehmer Becomes Anthropology Head

Dr. Donald J. Lehmer, Professor of Anthropology and Sociology at Dana College, has been named Chairman of the Anthropology Section of the Nebraska Academy of Sciences for the year 1962-63.

Dr. Lehmer will be in charge of the presentations of the anthropology sections on Saturday, April 14, second day of the academy's two day spring meeting. The program he has arranged includes five papers in the morning and an afternoon symposium on "The ethno-history of the great plains area."

Waldorf Choir Sings At Church, April 12

An a capella concert of sacred music will be presented by the Waldorf Junior College Choir at First Lutheran Church, April 12 at 8:00 p.m. Professor Odvin Hagen is the director.

Waldorf College, a two year college of the American Lutheran Church, is located at Forest City, Iowa.

High Schoolers Overcrowding Colleges' Admissions Office

At this time of year when many high school students are applying for admission to a college one hears a great deal about the overcrowded conditions of the colleges in the United States.

Dr. Fred E. Crossland, Admissions Director of New York University, states in the March issue of the *Journal of Educational Sociology* that there are simply too many myths about college admissions today. The problem is hardly more than a statistical phenomenon.

He continues, "One high school senior may become four college applicants, but eventually he can become only one college freshman. The overcrowding today is in the admissions offices, not in the freshman class. There is room enough for every reasonably qualified candidate desiring admission."

Dr. Crossland maintains that there are hundreds of colleges that have vacancies and that almost every institution, including the overcrowded ones, aggressively seek applicants.

Perhaps Dr. Crossland should visit the Dana College Admissions Office. After reading how many applicants had to be turned down last year because of "overcrowdedness," he might have to qualify his statements somewhat.

Editorial . . .

'Dana Kids' Take Notice: Reputations Are at Stake

Often we take it for granted that things which happen on campus only affect this little clan on "The Hill." However, the story which we carried last week about the tentatively scheduled movie, "Cat on a Hot Tin Roof," sponsored by the sophomore class, brought a comment from the Blair businessmen who receive the *Hermes*.

One gentleman said, "What is becoming of the school up there?" He added that he was surprised that we must present a movie that was based on the life of a prostitute and was considered highly controversial. Why not show a more uplifting film?

However, the statement that should concern students is that which was made stating that things we may do (in general and not necessarily referring to the Elizabeth Taylor film but made in reference to it) can cause us to lose community support for our school—both financially and otherwise.

As your editor, I often get reactions from the Blair community as to what we do. I have been told of the problem of student drinking which affects the citizens of this community. Business personnel have complained to me about beer bottles thrown on the streets and behind establishments.

It is true that the "Dana kids" are not to blame for everything. Many times, I am sure, we get blamed for things that the high school youth may do. We are in a position of being a community "scapegoat." But this doesn't mean that we have the right to point to the high school when unpleasant things occur in downtown Blair. We must accept our guilt where due and strive to make Dana a more wholesome part of the community as we do in many areas of extra-curricular endeavor already existent.

Now that spring is here and students will be getting more restless, I think that it is time to sit down and re-evaluate our undertakings. Our relations with the Blair community are extremely good for most college-community relationships. Let's not be lax, but strive to improve the already good feeling that exists in most cases.

Incidentally, the gentleman to whom I made reference was glad to hear that we obtained the film, "The Diary of Anne Frank."

—Ken Jensen

Ken's Comments

Congratulations to our new student body president, Herb Knudsen. No one can deny the fact that Herb was a vigorous campaigner, and we all hope that the planks of his platform will be carried out. Of course, to do this will require the help of all students.

It was too late last week to mention the Wartburg band as your *Hermes* was set for press. However, the performance was extremely fine. Everyone who went to the concert seemed to go away with a good impression of the group from Waverly, Iowa.

Also, we didn't catch the late changing of the sophomore class film to "The Diary of Anne Frank" last week. However, it is hoped that you did.

It is interesting to note the way in which professional boxing is being handled in the wake of the Paret-Griffith welterweight championship match in which the former champion was knocked into sort of a permanent "birdland." Communities and certain states are attempting to set up statutes illegalizing the sport.

But such is life. Nothing is ever done about anything until someone in the limelight gets hurt. For years boxers in the ranks have been suffering permanent brain damage which often could prove fatal and nothing was done about it. Not a peep was heard until now, when the best welterweight ended on his death bed.

I wonder what will be the effect on hard hitting competitive sports such as football if a great player such as Johnny Unitas of the Baltimore Colts gets his brains knocked out? It's food for thought.

Weather Statistics Prove Cold and Warm Hearts

To prove that Americans are warm-hearted and the Russians cold, the weather statisticians have come up with the true answer.

The hottest place known to modern man is Death Valley, California, where the temperature rose to a passionate 134 degrees Fahrenheit. On the other hand, Siberia plunged to a frigid -198 degrees Fahrenheit in 1933.

What more proof does one need?

Editor's Mailbag

I would like to thank each and every voter that supported me in my recent campaign for treasurer. I must also remember the many who encouraged me to run through their kind words and in helping to pass around my petition.

It is true that I did not win in my "noble experiment," but I would also like to thank you and your staff for my only visible campaigning during the recent election.

Blair, Nebraska

Kennedy and Liz Taylor Chosen Most Attractive In National College Poll

President John F. Kennedy and Elizabeth Taylor were named as the world's most attractive personalities by collegians in a nation-wide poll conducted by the current issue of **Campus Illustrated**. Male collegians were united in stating that Miss Taylor is "the most beautiful woman in the world." Coeds termed the President "a man among men."

"Beauty, charm and simplicity" were the adjectives used most in describing Jacqueline Kennedy, the second choice of college men. The President's "lady" far outdistanced another "lady," third-place holder, Grace Kelly, who was termed "the epitome of social grace and poise."

The nation's coeds made Paul Newman second-place winner because they felt "the eyes (Newman's) have it." Still on the optical kick, coeds named Rock Hudson to third place because he has "that come hither look."

Completing the coeds' top ten list are John Gavin, Cary Grant, Robert Kennedy, Dwight D. Eisenhower, Nelson Rockefeller, John Wayne and Peter Lawford.

Kim Novak, Gina Lollobrigida, Sandra Dee, Debbie Reynolds, Julie London, Sophia Loren and Brigitte Bardot complete the male college students' top ten choices.

Herb Says . . . Our Government Depends Upon You

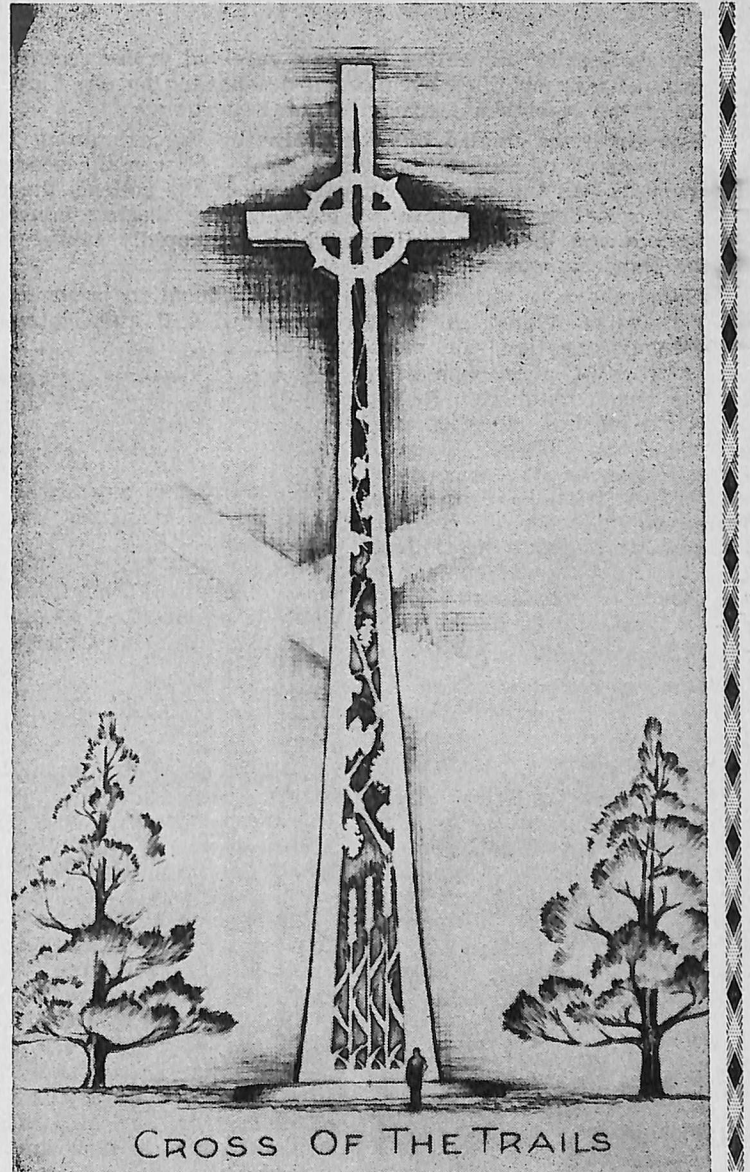

Paradoxical is it not, how one struggles for a political office and after getting it finds that the work has just begun? That is, indeed, the situation in which I find myself: appreciative of the confidence placed in me to serve you as student body president and awed by the perspective of the job.

Effective student government, however, does not depend wholly on your elected representatives, but chiefly on the student body members and groups who are willing to work hand in hand with the Student Council for their common goals. Not only do I want to keep my responsibility as president in mind, but also I want to challenge the students with their responsibility for good student government. Without student support and ideas we are forced onto the treadmill of inaction, but with this, we may strive to establish a more flourishing campus community.

As you know, I promised in my campaign speech that if I were elected I would invite the ALC College Conference to be our guests. It is my pleasure to announce that the college coordinators accepted our invitation and we will sponsor the conference next spring.

Gratefully,
Herb Knudsen

Beneath The Cross

Posters Engulf Campus

Last week the campus was engulfed in campaigns by the candidates for student body offices. Speeches were made and the campus was papered with posters.

These posters were eye-catching and showed lots of imagination and hard work by the candidates or their followers.

One saw Donald Duck proclaiming "Dean for President." Many other cartoon characters across campus took up the cry for Dean Henricksen.

Many of the posters for Arden Dorn featured musical ideas like "Leonard Bernstein says 'Vote for Arden now!'"

A poster featuring a little red-haired boy saying, "I've always dreamed of being president," was signed by the third presidential candidate, Herb Knudsen. There was also a display outside the library picturing this candidate in recreation, student council, study and athletics. Others proclaimed the campaign for Action.

The candidates for vice-president and secretary were announced by posters featuring Dennis the Menace, Bugs Bunny, The Flintstones and other cartoon characters. Some of the posters featured sketches of the candidates themselves.

It was fun while it lasted and now it is all over but the responsibility.

At Dana College there is the dream that in the future there will rise from the highest point of the campus the Cross of the Trails. With its symbols of Communion and of the fruits of the soil, the cross speaks of the Christian Way—"the hidden trail that leads to streams of living water"—and is also a reminder of the hardships of the early pioneers who left their trails across Nebraska—the early explorers by land and by river, the pioneers on their way West, and the cattlemen—and the latter-day pioneers who now leave their trails in space.

The 100-foot-high flood-lighted cross will stand on a base large enough for a mass choir. It will be visible for a radius of about fifteen miles.

This dream can be a lasting symbol of our Christian faith. During the weeks prior to Easter and during the weeks following Easter it is good to be reminded of the powerful message that God was in Christ reconciling the world to Himself.

Teacher Program Lauded in Education Committee Report

Dana's Teacher Education Program received praise recently in the form of a report filed by a committee headed by Dr. Floyd A. Miller of the Nebraska Department of Education.

Specific items singled out for praise by the examining team were the spirit of cooperation which exists between the academic departments and the education department of the college, the program of selection of prospective teachers, the teacher education curriculum and the new facilities which are rapidly taking form on the Dana campus.

Comprehensive reports on the teacher education program and other fields as related to it was concluded with this statement:

"Without exception, the members of the Visitation Committee have a most optimistic feeling about the teacher education program of Dana College. There is a spirit of progress, a sincerity of purpose, a friendly cooperation and a sound sense of direction apparent throughout the College. It is the intent to recommend to the Board of Examiners general satisfaction with the teacher education at Dana College."

Nebraska colleges which are engaged in the preparation of teachers are reviewed every two years by the Board of Examiners.

Members of the Board of Examiners were faculty members from the University of Nebraska, Nebraska Wesleyan University, Midland College, University of Omaha, Creighton University, Public School Administrators and officials from the State Department of Education.

Omaha Greenhouse Purchase Pondered

Dana College has recently been given the opportunity to purchase a greenhouse. The greenhouse is of the conservatory type and is presently located in the Forest Lawn Cemetery in Omaha.

Purchasing such a greenhouse would be of great interest to the biology department, plant hobbyists and also to the buildings and grounds department for the starting of shrubbery and plants.

The biology department is interested in finding patrons who would be interested in defraying the moving costs.

Thoughts on -- Physical Fitness

Someone has just read to you an article stating that the average English school girl of 13 is superior to the average American collegian in performing some physical feats. This is a blow to your masculine (or feminine) pride but is soon forgotten as the conversation changes.

So what, you may be asking, does physical education have to do with politics? Just this, there is a frightening relationship between the physical fitness of a people and their ability to govern themselves. One need look no further than ancient Greece or Rome for verification.

By this time I hope that you are wondering how this involves you. Whether you like it or not you are going to help provide America with leadership in the next few generations. It is, therefore, your responsibility to become acquainted with the problem.

One of our basic problems seems to be that the individual has been neglected. Team participation and activities are very important, but what happens to the person who does not make the team? Many athletic programs do not provide for physical development of the individual.

Often athletic departments are forced to concentrate on large spectator events such as football and basketball in which only a very small number participate. True, many colleges have physical education programs, but in many cases they are inadequate and inconsistent with the student's need.

What we need are programs to help develop the individual, to revive some of the Greek concepts, to build a more physically alert population. The motive is better health for a citizenry that will thus be more capable of defending its way of life.

—Thermidor

Contest Winners Go To Denmark

The Rebild National Park Board of Aalborg, Denmark, is sponsoring a special essay contest for students at Dana College and Grand View College in Des Moines, Iowa. First place winners from each institution will be given a three week all expense paid trip to Denmark and the international fourth of July celebration at Rebild Hills celebrating the Golden Jubilee observance of American Independence Day.

Students of Danish extraction are eligible to enter this special contest and submit an original essay on the topic, "How Today's Youth Can Help to Encourage International Understanding." Limitations on size state that the essays are to be no less than 1,000 nor more than 1,500 words.

In addition to being of Danish descent, entrants must be registered as full time students at either Dana or Grand View College, both of which were founded by Danish pioneers.

The essays will be judged by a special board of judges in New York City and winners will be announced at each institution on Commencement Day.

The two first place winners will depart from Idlewild International Airport in New York City on June 20, 1962. Date of return is July 10, 1962. Highlighting the three week tour of Denmark is a visit to the internationally famous Rebild Festival on July 4.

Chemistry Students Give Papers at O.U.

This weekend, April 6 and 7, Herb Knudsen and Chuck Reeg will travel to Omaha University to attend a meeting of the Student Associates of the American Chemical Society.

Chuck will present a paper entitled "The Higher Oxidation States," and Herb will demonstrate polarography. Professor Fallgatter is also planning to attend.

Brother and Sister Bestow \$200,000

"We wanted to put it where it would do the most good for the most people."

That's how a Millard, Nebraska, man explained a gift of 200 thousand dollars that he and his sister made to Dana College this month.

Emanuel Holling, 75, and his sister, Miss Marie Holling, 77, have lived in the Millard region all their lives. Their father, Hans, arrived there from Germany in 1871 at the age of 17.

"He said he never wanted any sons of his to be soldiers for Kaiser Wilhelm," Mr. Holling said.

The original Holling farm was on a quarter of a section, but through the years the family bought additional property.

Emanuel Holling retired from active farming in 1948. Came the boom in Millard and land value increased. Mr. Holling first sold a farm east of Millard to a developer, then, in 1960, the family's original home.

The two are members of the American Lutheran Church.

Their gift will be used to build a men's hall that will be named for their parents, Hans and Amalia Holling.

Council Clips

By Bob Rademacher

A committee to prepare the proposed Student Handbook will soon be formed. One representative from the Men's Association and one from the Women's Association plus six representatives-at-large will compose the committee along with a representative from the Student Council. David Snowbeck has been chosen Student Council representative for this committee.

Sioux Falls College was extended an invitation to return the exchange talent program on April 13. They will be invited to remain for the evening meal and stay in the dorms if they desire. Dana presented a similar type of program to them on February 2.

The six representatives that attended the American Lutheran Church Student Conference at Wartburg College last weekend will have prepared a report to be given at the April 12th meeting.

Parliamentarian Herb Knudsen stated that he and his committee will have a rough draft of the revised Student Body Constitution prepared for discussion at the next Student Council Meeting, April 12, at 7 p.m. in Pioneer Memorial 212. Any person interested in this matter is welcome to attend this meeting.

Services Average 174 During March

Chapel attendance continued at its relatively slow pace during the month of March. The average number of students present was 152, or 32% of the total student body. Faculty and staff posted a better percentage than the students by having an average of 60% or 24 persons in attendance. The average number of full time faculty present was 18, with a result of 64%.

The March 19 chapel service had the largest attendance of the month, with 215 persons present, while March 16 and 23 had the low attendance of 155. An average total attendance for the month, including students, faculty and guests was 174.

GAS KILLS LOVERS

Romancing couples who take to the parked cars these chilly spring evenings are reminded that running the motor with the windows rolled up is mighty dangerous. Carbon monoxide can seep into the auto and poison the occupants. Each year some 600 lives are snuffed out by this invisible killer.

People to People Conference Discusses Foreign Students

On March 3, Herb Knudsen represented Dana College at the First Nebraska People to People Conference in Lincoln, Nebraska.

In his report to the Student Council, Herb stated the purpose of the PTP: "The program of PTP is designed as student to student contact between foreign students and their American counterparts. The purpose of PTP is to coordinate students of America in an effort to create better world understanding."

Herb also noted four problems encountered by the foreign student when he comes to school in the United States: (1) People are needed to meet the foreign student when he first arrives. (2) American students are far too often unwilling to talk over problems with foreign students. (3) Many foreign students have a financial problem and often have a difficult time finding a job so that they can continue their schooling. (4) Unwillingness of the American student to show the

foreign student just what the daily life of the average American is like often contributes to exaggerated and distorted impressions of American life.

The challenge set before the Americans is to show the foreign students that America cares for them. Our colleges and universities have to awaken to this problem on their campuses if the leaders of tomorrow in other countries are not going to be alienated from the U. S.

PTP is not a one-way giving, but rather a reciprocal program through which we not only assist the foreign student but also help ourselves towards international understanding.

The next Nebraska Conference is set for April 7 at 10 a.m. at the Kellogg Center, Nebraska University (Ag. Campus). Anyone interested in this program and would like to attend this conference on Saturday, may contact Herb Knudsen or Nena Wegener.

Girls' Counterpart For 'Joe College'

Almost as well known as the proverbial Joe College is his colorful counterpart, Betty Coed. Chic, fashion-conscious, witty, amiable and a party girl, our typical college miss is a contradiction of herself and what she is supposed to be. She is neat and well-groomed yet she wears dirty sneakers. She is crowd-conscious and an individual, like others, only different.

She believes in the natural look so she wears pale lipstick and too much eye make-up. She hates the food in the cafeteria but she gained five pounds since the beginning of the semester. She tells everyone she is overweight but her doctor thinks she could use five more pounds.

She doesn't want to get married but is looking for a husband. She goes out the night before an exam and then stays up the remainder of the night cramming.

Her room is a cluttered mess but her hair is never out of place and her slip never shows. She has practiced her walk and facial expressions in the mirror but claims she is completely natural. She works hard but her parents think she is lazy.

She's interested in religion and politics but doesn't know enough about either to discuss them intelligently.

She smokes too much, loses too much sleep, doesn't eat enough vegetables, talks against those in authority, but is still a good kid.

She is a child yet she is very much a woman—she is today's coed and tomorrow's housewife, mother, career girl and influencer of the American opinion.

(In response to "Co-eds View 'Joe College'" Re: *Hermes* March 15. Compliments of the staff of the *Upsala Gazette*, Upsala College, East Orange, New Jersey.)

Concordia Running on Viking Oval Tomorrow

Dual Meet Inaugurates Track Season

Dana's 1962 track team edition will be presented this Friday afternoon in a dual track meet against the Concordia College Bulldogs of Seward, Nebraska.

The Viking cindermen have been working outside extensively during the warm spell and have been concentrating on over-distancing and generally getting in shape for the upcoming track campaign.

The Red and White vanquished the Blue and White rivals last year, but Concordia boasts some help in certain events that could bring them up to a strong contending status when they square off against the Vikes tomorrow.

Dana, on the other hand, under the leadership of Coaches Paul Peterson and Harold Becker is confident that a returning batch of 15 lettermen will provide the leadership and experience needed to maintain Conference Championship status for the third consecutive year. This, it is hoped, will compensate for the lack of depth seen in the weight events and the javelin.

The help of sprinters Wayne Peterson, Bryce Olsen, Sig Brekke and Rich Evans will be needed to add points. Along with this, Tom Frank, Stan Cupp, Byron Jensen and Gary Biesecker will carry most of the hurdling load. John Seberg, Ron Hough, John Laughhunn, Lynn Barnes, Mickey Jensen, Hans Willadsen and Don Sutton should be handed most of the Middle Distance and Distance duties for the Vikings. Veterans Norm Bock, Dean Henriksen and Bill Bracker will provide a definite punch to the Broad Jumping and High Jumping categories to round out all-around potential for the Vikes.

Nebraska Wesleyan and Morningside Meet Vikes

This Saturday afternoon the Red and White batmen will attempt to break into the win column as they host the highly-rated Nebraska Wesleyan squad from Lincoln. The contest is scheduled to take place on Memorial Field in downtown Blair at 2:30 p.m.

On Tuesday the Vikings will journey to Morningside College in Sioux City, Iowa, to tangle with a North Central Conference foe.

INTRAMURAL SCOREBOARD

April 1 saw the first day of action in the Men's Double Elimination Volleyball Tournament. Upon completion of the first day of action nine teams remained in the running for the championship while three teams were eliminated.

Those teams eliminated were the Raiders IV, Watusi's and Floaters II.

Action will continue this coming Sunday with a full slate of games starting at 1:00 p.m. The championship contest will be played on the afternoon of April 15.

Results of the first day of action are as follows:

- Ants defeated Watusi's—12-5, 10-7
- Stompers defeated Raiders II—8-9, 15-4, 14-8
- Road Runners I defeated Raiders IV on forfeit
- Road Runners II defeated Dukes—15-8, 15-3
- Floaters I defeated Road Runners I—15-1, 15-2
- Road Runners II defeated Floaters II—15-8, 12-8
- Ants defeated Raiders I—8-12, 15-4, 12-10
- Stompers defeated Raiders III—13-8, 15-6
- Road Runners I defeated Raiders IV on forfeit
- Dukes defeated Floaters II—10-8, 12-10
- Raiders I defeated Watusi's on forfeit

Creighton Stops Dana Nine In Opening Baseball Season

Vikings Lose 6-3 After Compiling Six Hits

Creighton's powerful Jays vanquished the Vikings last Tuesday 6-3 in the baseball season opener.

Dana journeyed to Fontenelle Park in Omaha only to see an inspired Jay club come up with nine clutch hits throughout the game compared to Dana's six. The Vikings were also hampered by four crucial errors in comparison to the two miscues made by the Creighton club.

Viking hopes were kept high throughout the contest by Tom Winscot with four hits in five trips to the plate. Kent Howard, John Templeton and Ron Christensen added the only other hits for the Viking effort.

Creighton's hits were spread out in a more consistent pattern keeping pressure on Dana at all points. The Blue's Dagerman hit four for four and teammates Vergamini, Jiminez, Millard and Tie Dermann rounded out the hitting punch.

Pitcher Brian Rich fanned six Creighton hitters. Dana was credited with one double play between players Gary Lebeck and John Andreasen.

Schedules Released For Golf and Tennis

Announcements of Dana's tennis and golf spring schedules were released this past week by coaches Kieth Skogman and Lloyd Refsell.

Tennis

- April 13 at Midland, 1:30
- April 14 at Nebraska Wesleyan, 1:00
- April 18 at Nebraska Wesleyan, 1:00
- April 26 at Doane, 1:30
