

## Tutorship Program Initiated by Council

The Student Council has begun a tutorship program this semester. It is hoped that students needing help will feel free to take advantage of this service. Tutors will be available after February 14.

Departments included in this program are Art and Art History, Business (Accounting and Economics), Danish, English, German, Health, Music, Philosophy, Physical Education, and Psychology.

The procedure for an applicant is to confer with his instructor as to the advisability of having a tutor, then, to contact a member of the Student Council's Academic Affairs Committee or to submit his request to that committee through Box 958 Campus Mail. After discussing the applicant's needs with him, the committee will assign a tutor. The tutor and tutoree then have the responsibility of, arranging a meeting and a future schedule. Academic Affairs Committee members include: Mary Larsen, Ken Jacobsen, Mike Sink, Paul Panum, and Jim Wilken.

Since Humanities 106 and 204 are new courses, students are requested to ask for help in the specific area of difficulty. For example, if one is having trouble with the literature section of these courses, he should apply for a tutor in English.

In the physical science courses, including Natural Science 111 and 112, and in Math, students may contact the lab assistants.

Instructors are encouraged to remind students whom they feel could benefit from a tutor's help that this service is available.

- February 15 Pastor Jensen
- February 16 Mr. William Thomsen
- February 18 Miss Luella Nielsen

Dr. Estee

## Science Day To Feature Dr. Estee

The Division of Natural Sciences has scheduled a special Science Day for next Tuesday.

Dr. Charles Estee, Chairman of the Department of Chemistry of the University of South Dakota, will be the featured guest of the day.

Dr. Estee will be here under the auspices of the American Chemical Society. This is part of their Visiting Scientist Program.

A traveling chemistry exhibit may be on display from the Society. Dana Hall of Science will be a showcase for the day. Faculty members will be on hand for consultation.

The program will begin at 1:30 p.m. and continue into the evening. Dr. Estee will conclude the day with illustrated lecture on "Water."

Local high school juniors and seniors with an interest in science have been invited to the campus. Their teachers have been invited, also.

Mr. Gene Lindblad, Chairman of the Department of Chemistry, Dana, said, "Our purpose is twofold. We want to acquaint the visitors with our science program and the college community in general. And we want to develop and encourage interests in chemistry."

He added, "This program is for our own students as well." Dana Science Club members will give tours of the campus and of Dana Hall of Science.

## Scandinavian Folklore to Be Subject of Tracie Lecture

Mr. Gordon Tracie, an outstanding authority in Scandinavian folklore, will present a lecture on Dana's campus.

He has lectured and conducted workshops both in this country and abroad. He has produced recordings and written extensively on this subject in order to perpetuate and spread interest in the authentic music and dance of the Northern countries.

On February 16, at 8 p.m. in Alumni Memorial Auditorium, Mr. Tracie will present an illustrated lecture on "The Folk Music of Scandinavia" which will be followed by a folk dance workshop for both participants and spectators.

The event is sponsored by the Dana Chapter of the American-Scandinavian Foundation.

Mr. Tracie

## Social Committee Sponsors A Semester of Activities

In the coming semester, Social Committee will be sponsoring the majority of activities on the campus. These will include things not previously attempted on the campus.

In March or April a "Casino Night" will be given. Just from the name you can get the idea of what it will be like. There has also been talk of inviting several folk-groups from other colleges and universities in this area for a program in April.

Winterfest will be March 4, 5, and 6 and will be the biggest job the committee has. On March 4, there will be the program, free to students, which will provide an evenings entertainment, plus

the awards to the winners of the annual beard contest. A smorgasbord and semi-formal dance will be held the night of March 5.

There will also be the usual movies and dances spread over the semester which everyone enjoys.

Other organizations will be sponsoring various activities this semester also. The Freshman Talent Show and the Faculty Follies are just an example.

This may give the student an idea of what may happen this semester. If everyone is here to enjoy these activities, it may turn out to be a good semester.

## Coming Events

Podolski-Van Acker Duo will give a concert of Renaissance and Early Baroque music Tuesday, February 22.

Arthur Schlesinger Jr. Pulitzer Prize winner, historian and author will be here Thursday, February 24. "The World We Want and How to Get It" will be his topic at 8 p.m. in A.M.A.

Mr. Schlesinger wrote A Thousand Days- John F. Kennedy In The White House.

Winter Fest will be the weekend of March 4. The "Faculty Follies" is tentatively planned for the weekend.

## You Can Aid 'Big Time'

The idea of giving Dana big name entertainment was brought to reality this year, when all students were required to pay a small extra charge that was assessed in their student body dues. Now one year later, we find that the problem of big name entertainment has not been completely solved.

The committee that has been set up for the purpose of choosing the entertainment has found various problems that have slowed down the planning. Such things as who is to be chosen, when should they be presented, will the students be satisfied, etc.

One problem that seems to stand above all others is the fact that really big name entertainment can be had for only a high premium. The committee has run upon the dilemma of how to finance the venture if Dana is to have big names in the truest sense of the words.

There are those that feel that Dana should undertake a mass campaign to attract other patrons to make up the deficit that may be incurred. Still others feel that the school should only spend what they have and nothing more.

What would be far more practical would be the assessment of a small additional charge of the students to help cover the costs. This would enable the project to be in far less of a chance of facing financial jeopardy.

Students who feel that they are being taken advantage of, only have to think back to realize that everything this year has been free to the students. At no time has a student been asked to pay his way.

Big name entertainment presents an unique problem in that we all want it but how many of us are willing to show that we really want it. The caliber of entertainment being considered is the kind that would keep most college students away if it was presented in Omaha. The cost would be almost prohibitive.

The committee is only asking that they be given a vote of confidence on this so that they can feel right in acquiring the entertainment and not have to face a financial fiasco.

The charge is promised to be small, so let's give the committee our backing and make big name entertainment a reality. We invite all opinions on this subject so that we may give the committee the true opinion on campus of this particular subject.

### LETTER TO THE EDITOR

## Danish Brotherhood

Due to a comedy of errors—unavoidable conflicts, late publicity, final exams—the meeting called on January 7th for the purpose of discussing the possibility of organizing a Danish Lodge on campus was sparsely attended. However, the "whys" and "hows" of forming such a Lodge were thoroughly discussed and the unanimous decision was to proceed to secure enough membership applications to enable us to petition for and receive a Charter for a Danish Brotherhood Lodge.

A concerted effort will now be made to contact all members (male and female) of our Student Body, Faculty and Staff who are eligible for membership in a Danish Brotherhood Lodge under

the By-Laws which require that to be eligible you must:

1. Be of Danish origin or extraction. (Have a Danish ancestor)
- OR
2. Be married to a person of Danish origin or extraction.
- OR
3. Be related to a member.

All males and females who are eligible under the above rules are now invited to attend an organizational meeting on Thursday, February 17th, at 8 P.M. in Room 210 P.M. At this meeting we will explain the advantages to YOU and to DANA COLLEGE of forming a Danish Brotherhood Lodge.

Mark the date, February 17th, on your calendar—be sure to attend and to bring those of your friends who are also eligible.

Paul E Strand

## Concerning Drama, Music And Boors on the Campus

KOIL has proclaimed a national "Turn-Your-Wife-On Week", Batman is rated number one across the nation and the arts have fallen to a new low at Dana.

Given the choice between The Coachmen or Augustana College Concert Band; given the choice between Batman or Mrs. Omvig or given the choice between a beer at the Town or John Stuart Anderson; at least two-thirds of the students will choose The Coachmen, Batman or the Town.

Mrs. Omvig was heard by 21 students as was the Augustana Band. Mr. Anderson and the Choir were lucky. Nearly 100 students attended these events.

Where are the 500? Granted one person cannot attend every event on this campus. Studies are important. Interests vary.

If girls have time to dilly-dally between the doors of Mickelsen until they are late and if boys have time to spend hours in the local pubs or in creating noise in their living units, then I think they should have time to attend at least one cultural event a month.

Some of you have decided that culture is not for you. Would you stop chewing your bubblegum long enough to tell me why? You don't know? I think then that you should at least go to enough cultural events to determine what it is you dislike about culture.

There may be another reason for the lack of culture on our campus. How can the sheep follow if the shepherd will not lead? To put the question in the vulgar; how can the boors on campus be expected to attend cultural events when they rarely see the college deans at these events, nor do they see the campus editor there. I would ask how they can speak about the whole student, or for the student, when they show so little interest in one aspect of the student's life?

I think this campus lacks a pride in and respect for the beautiful. This is reflected in such a little thing as walking on the grass.

Again the student leaders, the president, editor, etc., show the way. Hints have no affect. A president's request has no influence. The herd keeps right on trampling the grass.

If you cannot appreciate such a common thing as grass, how can you appreciate the existential awareness of Mrs. Omvig or the greatness of Mr. Anderson?

I should end this on a note of hope. But I am afraid that most of my fellow students will continue to choose a belly of beer, a mouth full of bubblegum, and muddy hooves.

Finally, if you must be a boor, please stop wallowing in self-pity for lack of activities on campus. The lack on this campus is gentlemen and ladies and not cultural activities.

W. E. Josephson

## Coachmen

Coachmen Dance was a Success.

The Coachmen, a combo from Omaha, played for a three and one-half hour dance at Borup Coliseum on Friday, January 28, from 8:30 until midnight.

The dance was open to students of Blair High School and Dana College. More than 500 students attended the dance that was held on the tile floor area of the coliseum.

The Great Danes Men's Organization sponsored the dance with the help of Tom O'Hanlon, a freshman at Dana and Sandy Jackson, who owns Sandy's Escape and is a disc jockey on KOIL.

Members of the Great Danes sold pop and popcorn at the concession stand, checked coats, and sold tickets at the door.

Chaperones for the dance were Mr. and Mrs. Whitaker, Mr. and Mrs. Warman, Dr. Rasmussen from

Dana, and Mrs. Wright from Blair High School.

Reactions toward the dance were very favorable. The Great Danes wish to thank all those who attended and made the dance a success.

David Kjeldgaard

## Census

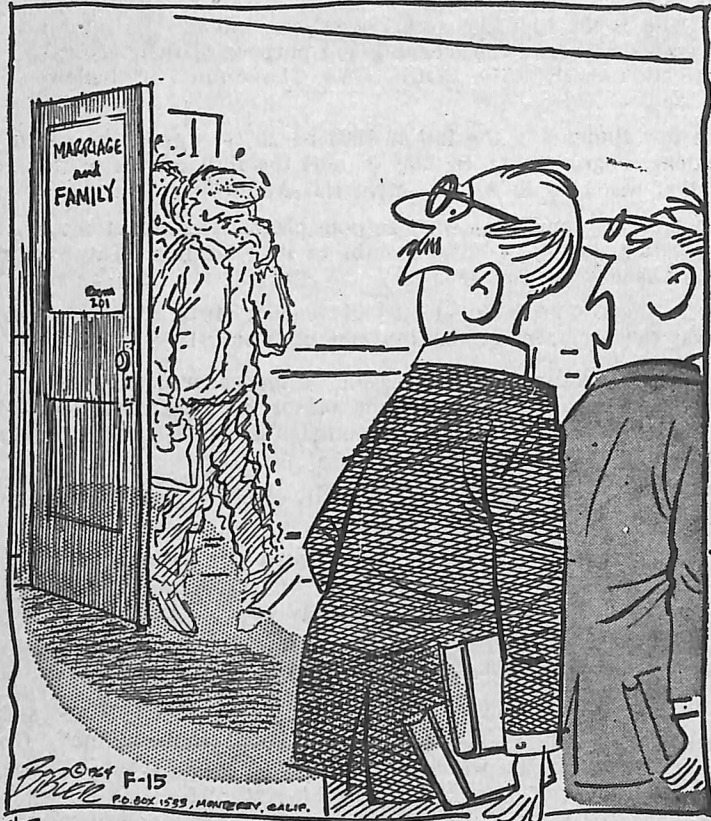

There has been a dispute between some of the members of the FARDGUARDS as to whether the total amount of cattle in the U.S. outnumbered the total human population in the U.S.

After considerable research in the matter it has been found that the U.S. population (as of July 1, 1964) was 191,334,000 and the cattle population (as of 1964, including buffalo) was only 106,500,000.

This shows a substantial margin of almost 85,000,000 more people.

## Dana's Rating In Conference Slips

The Dana Vikings dropped two conference tilts this past week to slip to the lower bracket of the Tri-State Conference. The Vikings have been hampered with injuries besides the fact that some were lost via the academic route.

Friday, February 4, the Vikings entertained the Sioux Falls College Braves at Borup. During the first quarter it looked as if Dana might avenge the earlier loss to the Braves. Sioux Falls however, concentrated on shots from the outside and were quite successful in confusing the Dana defense. The Braves pulled to a 32-28 half-time lead and were never seriously threatened after that. Tom Krayl, Sioux Falls guard deserves the credit for the Brave victory. He tallied 31 points for high scoring honors with the greatest share of the shots coming from outside the Dana defense.

Tom Kalchik sparked the Dana offense in showing great promise in rebounding ability. Tom is a transfer student and was not eligible the first semester. The final tally showed the Braves on the long end of a 67-57 margin.

Saturday night saw a disappointed student body who were part of the mass migration. Midland subdued the Vikings 67-56.

## LETTER TO THE EDITOR . . .

As a reply to the Editorial in January 14th's *Hermes*, concerning the food situation in the cafeteria, we would like to elaborate.

We have found from personal experience that everything in that article was true.

We would like to offer a few suggestions. (1) Drain the grease from the food. Not only is it bad for your health, but also it spoils the taste. (2) About that seasoning. Many of us are used to different seasoning. Also we don't like our vegetables floating in margarine. (3) How about some variety? We don't even have to guess what the menu will be: it's either pork or beef. (4) Who wants to face powdered eggs in the morning? What's the bit with the instant potatoes every meal?

In conclusion we'd like to ask, "Why don't we get what we pay for?" WE'RE HUNGRY!!!

S. A., K. A., B.Y.

## Girls Intramurals Begin With Basketball Tuneup

Girl's intramural basketball activities started last week with much interest and potential being shown. Although the games were rescheduled for Wednesday nights, approximately forty girls participated.

Leading in team scoring were the Argo-Go Girls who defeated 2nd Mickelsen by a score of 29-10. Top scorers for the winners were Linda Cleaver, Pat O'Dell, and Patsy Fahrenkrug.

With the excellent defensive ability of Carol Hausermann and the sharp-shooting of Lu Hummel, the Hindus were able to defeat the Unmentionables. However, the balanced scoring of Lyla Winterburn, Mariam McLaughlin, Carolyn Hansen, and Eileen Randall allowed the Unmentionables to reluctantly bow to defeat.

The last game of the evening found the 3rd Floor Mickelsen gals defeating the All Stars by a score of 16-9. Leading scorers in this game were Helen Hansen and Joyce Hanson.

This semester the games will be scheduled for Wednesday nights rather than Tuesday nights. Regardless of ability, we hope every girl will participate in the activities.

## Matmen Defeated By Kearney State

Here are the results of the wrestling match Saturday, February 5, 1966, between Dana College and Kearney State. Dana was soundly defeated by a score of 24 to 11.

- 123 lb. Tim Hunsberger (K) pinned Carl Wangsvick (D) in 1:26
- 130 lb. Forfeit by Dana, Ferd Goings (K)
- 137 lb. Forfeit by Dana, Larry Erickson (K)
- 145 lb. Lyle Gerhardt (K) in a decision over Tom Bisbee (D)
- 152 lb. Cliff Brock (K) in a decision over (Tony Fendrick (D)
- 162 lb. Chuck Perky (D) in a decision over Gary Keely (K)
- 167 lb. Norm Smeckley (K) in a decision over Dave Barsness (D)
- 177 lb. Walt Duda (D) in a decision over John Daake (K)
- Heavy weight: Lowell Larson (D) pinned Rod Melroy (K) in 7:31

# Student Council Makes Plans For Second Half

News from Student Council includes budget discussions, elections, constitutional amendments, conferences, and the ever-present Student body problems.

This Friday, February 11, next year's Homecoming Committee will be elected. Students will also be voting on a Constitutional amendment. This amendment will change the date of the election of Student Body officers, giving it more flexibility.

The new budget has been a main topic for discussion and it is hoped the budget will be ready for approval by February 16. A Student Body meeting is tentatively planned for this date.

Two student government conferences will be held this weekend. The TSSGA (Tri-State Student Government Association) conference is being held at Yankton February 11 and 12. Karl Petersen is coordinator for this conference. Going from Dana will be: Ken Jacobsen (who will be representing President Tim Jensen), Jeanne Johnson (Danian), Sally Sorenson and Bob Boldig (Hermes), and Karl Petersen. The ALC (American Lutheran Church) college conference is being held at Augsburg College, Minneapolis, Minnesota. Luella White is coor-

inator for Dana and will be attending this conference along with Tim Jensen.

Topics being considered currently by Student Council include the possibility of re-structuring Dana's student government, and the possibility of paying Student Body officers. Freshmen initiation remains a discussion, but ideas are now in the process of being finalized. Arrangements for ALC newspaper exchange have been nearly completed. These campus papers will soon be made available in the library.

Several committees are hard at work on various campus problems. A committee is studying campus societies and an integration committee has recently made arrangements to meet with Rod Weed, a Dana graduate now involved in the Civil Rights movement.

Another Press Conference appears to be in the offing. This time the Physical Education Athletic Department will be featured.

A new rule has made Council attendance more stringent. Under this ruling, three unexcused absences in one semester will result in a council member being removed from Council (with the possibility of appeal to Council).

# EKKLESIA KOINONIAS

This is the first in a series of articles intended to inform the students of the meaning and purpose of their congregation: EKKLESIA KOINONIAS, The Church of Fellowship. Ed.

A few students in the fall of 1963 began to suggest the need for a student congregation. By May 3, 1964 the first service of that congregation was held in Alumni Memorial Auditorium.

A steering committee was responsible for the functions of the congregation during the first months of its existence. This committee was headed by Jim Jensen.

The first Council was elected in January, 1975. Wayne Josephson was the president of this ten member Council.

John W. Nielsen was the pastor of the congregation during its first year. Richard Jensen became pastor in September, 1965. Under their guidance the Council formulated the policies and programs of the Congregation.

The second Council was elected last week. This Council will serve until February, 1967.

The Congregation created and adopted its Bylaws. During the last three semesters the total amount budgeted for Congregational expenses and programs has been \$1,995.

EKKLESIA KOINONIAS, The Church of Fellowship, was the name chosen by the Congregation in April, 1965.

As indicated by the sub-name, EKKLESIA KOINONIAS means church of fellowship. The word comes from the "Koine" Greek which prevailed as the Greek world language from about 300 B.C. to about A.D. 500.

This name was chosen from a list of names which included Church of the Descending Dove, Dana Christian Congregation, Student Congregation, Church of the loving God and Christian Church.

Wayne Josephson said, "I think the students selected EKKLESIA KOINONIAS partly because it is a unique name. More important, I think they selected it because it relates to and expresses the campus situation."

Dana not only has students from all parts of the world but also one-third of the students are non-Lutherans. This is a higher percentage of non-Lutherans than any other ALC school.

Wayne said, "Because of our unique situation, the Congregation needed a name which would fit it. EKKLESIA KOINONIAS is both a universal and a particular name."

The Congregation extends a way to enter into relationship with God and man. This way is extended to every student on the campus.

Yet even while extending this way to the students, the Congregation dares to claim a unique relationship with God in Jesus.

This paradox will be more closely examined next week.

# Argo Girls Adjust to New Housemother; Van Deusen

The new face seen lately on campus is that of Mrs. Leitha Van Deusen, Argo Hall's housemother.

Mrs. Van has never been a housemother before, but having a daughter, three granddaughters, and a grandson, she has had the opportunity to gain an understanding of young people.

Until recently she managed a heavy equipment company.

"Five years as a dirt contractor is quite different from being a housemother," chuckled Mrs. Van.

The chance to be a housemother at Dana came as a surprise, but Mrs. Van knew she enjoyed young people.

She was not sure, at first, of what sort of a reception she would get. "All I can do is try," she had said.

Mrs. Van has been very pleased with the way in which she has been accepted by the students both in Argo and on the rest of the campus.

When she has a few spare minutes, Mrs. Van can be found sewing or reading. Her grandchildren keep her busy, too.

A Blair resident, Mrs. Van also enjoys visiting friends.

When speaking of her past occupation and her present position, Mrs. Van said, "I've found my jobs have been fun as well as work."
