

Nature took the first step preparing Dana for the Christmas spirit. This picture was taken by Dale Gentzler of THE ENTERPRISE staff.

Dana has scheduled a Danish Christmas Open House for Sunday, December 10. Music of the season will be performed by the band, choir and Santa Lucia girls.

Dr. Wayne Wise will direct the Dana Band in an opening concert scheduled for 4 p.m. in Alumni Auditorium. The 45-piece ensemble will perform a variety of band literature including "A Symphonic Portrait -- Irving Berlin" which includes "White Christmas"; an arrangement of the well known

Christmas Carol "Silent Night"; Leroy Anderson's famous "Sleigh Ride" and others.

As 7:30 p.m. Dr. Paul Neve will direct the 100 voice Dana Choir in a concert of Christmas music including "Hodie Christus Natus Est" by Palestrina; "The King Shall Come" by Paul Fetler; two Spanish carols, "Fum, Fum, Fum" and "The Gift Carol"; a well known Danish carol, "O How Beautiful the Sky"; "The Ringing of the Bells" by Ludwig Senfl; the "Christmas Cantata" by Daniel Pinkham and others.

Following the Choir concert,

the audience will be invited to join the campus carolers in a torchlight procession across the campus to the Parnassus Room where a Christmas coffee will be served around the Danish Christmas tree.

During the afternoon hours, the College's Collection of Bing and Grondahl and Royal Copenhagen Christmas Plates will be on display in the Heritage Room of the library. At 5:30 and again at 6:30 p.m. the beautiful Santa Lucia ceremony will be staged around the Danish Christmas tree in Parnassus.

## Open Your Minds And Say Ah!

By Cathy McKee

Blair Community Mental Health Center, located in the basement of the local hospital, should be of great interest to Dana students and the entire Dana community for a variety of reasons. Whether you, a friend, or an acquaintance is experiencing depression, which is somewhat common, or some other mental disorder, there is no reason to fear counseling or treatment. Many psychiatrists estimate one out of five people in our society would benefit by seeking mental therapy. No one should feel guilty simply because they feel they would benefit by getting professional help. Everyone asks for non-professional advice from friends and teachers on one occasion or another. If things are looking awfully bad, don't hesitate to make an appointment. Call Blair Community Mental Health Center at 426-2182 to arrange for an appointment.

The services at the center include psychiatric evaluation, individual psychological testing, individual psychotherapy,

chemotherapy and group therapy. There won't be any hassles worrying about someone knowing about your treatment because records are kept confidential property of the therapist and client and can only be released with the consent of the client. The cost per session is based on age and income, ranging from \$5 - \$40, with a mean cost of \$12. For example, if the client is over 19 and earned less than \$3,000, cost per session would be around \$5. Beginning December 1 a 24-hour phone service will be available by dialing Omaha, 453-2300.

The most important fact to remember, however, is that there is no reason to be embarrassed about seeking professional help.

## Summer School In Spain

Each year, for six weeks of the summer, Augustana College in Rock Island, Illinois, offers to students in the United States and Canada an opportunity to study in Spain.

Last summer the program began on June 30. The 103 students from 25 states, Cuba, Canada, Haiti, Mexico, the Virgin Islands and Puerto Rico, representing 49 colleges and universities flew to Madrid where the Director of the program, Dr. Doreste, met them.

The students lived and attended classes at the University of Madrid. The living quarters consisted of one room per student. The dormitory had its own private swimming pool and tennis and basketball courts. The academic program was conducted by native Spanish professors from the University of Madrid and American institutions.

The students toured La Mancha for two days visiting all the interesting places related to Cervantes and Don Quixote. They also visited Salamanca and Burgos as a part of their assignments. Sixty students made a four day tour to Santiago de compostela and Leon.

Once or twice a week a group trip was scheduled to visit such historical places as Valle de los Caidos, Segovia, El Escorial,

Avila, Toledo, Museo de Prado, Palacio Real, etc. Students found, however, that they had more than enough time to do, see, and learn whatever they chose.

As a part of the program, a trip was taken to southern Spain. As a group they attended a flamenco dance, Moroccan night clubs, and visited famous cities like Cordoba, Granada, Malaga and Sevilla. They also spent two full days at the famous Torremolinos Beach. In each city the group was accommodated in deluxe hotels with excellent food. At night, students often went to the old parts of the cities in horsedrawn carriages. To complete the excitement of this tour, some students crossed the straight of Gibraltar and spent one day in Tangier, Africa. (To accompany the entire tour, lectures were given in each place of historical interest.) When the tour was over in the South, the group returned to Madrid for two days where parties of farewell were given.

Plans are already in progress for the 9th Summer School in Spain, 1973. All persons interested should contact Dr. A. Doreste, Augustana College, Rock Island, Illinois, 61201, for complete information.

## Scholarships Awarded

For many years Dana has been awarding scholarships to entering students of superior achievement. As no honors convocation was held this fall, this means is being used instead to give such students the recognition they deserve for their academic accomplishments.

At the top of the list are ten students who received the Dana College Board of Regents' Scholarship this fall. The requirements for eligibility include an ACT Composite score of 30 or over, or a combined SAT score of 1400 or over, plus rank in the upper 5% of the high school graduating class or recognition as a National Merit Finalist. Winners include Steven Berntson, Paullina, Ia.; Kay Claudson, North Platte; Alan Hanson, Storm Lake, Ia.; Stuart Hansen, Marshfield, Wis.; Cheryl Molby, Brainerd, Mn.; Jeana Ortiz, Carter Lake, Ia.; Steven Parker, Manhattan, Ks.; Deborah Schou, Albert Lea, Mn.; Dennis Weller, Boyertown, Pa.; and Debra Wilson, Murrysville, Pa.

Three students entering Dana this fall received the Dana College President's Scholarship. The requirements for this scholarship are an ACT Composite score of 28 or over, or a combined SAT score of 1300, and rank in the upper 5% of the high school graduating class or

recognition as a National Merit Semi-finalist. The winners are Duane Barnett, Underwood, Ia.; Dawn Erickson, Tekamah; and Karen Sietsema, Tabor, Ia.

A larger number was eligible for the Dana College Dean's Scholarship for which an ACT Composite score of 27 or over, or a combined SAT score of 1200 or over, and rank in the upper 10% of the high school graduating class or receiving a National Merit Letter of commendation.

Those receiving this scholarship were Sharon Ballou, Exira, Ia.; Linda Brown, Omaha; Becky Haack, Loveland, Co.; Mary Jo Henriksen, Atlantic, Ia.; Karen Jeppesen, Council Bluffs; Diane Knudsen, Rolling Meadows, Il.; Kent Kronberg, Ralston; Roxanne Kruse, Ponca, Ne.; Steven Larson, Omaha; Marie Schlueter, Fremont, Ne.; Mary Staby, Chadron; and Michael Stewart, Crofton, Ne.

Wanda Betts of Guthrie Center, Ia., received a Junior College scholarship for graduating at the honor level from a junior college.

A number of Dana College Merit Awards were granted on a competitive basis to students chosen from those who had an ACT Composite score of 24 or over, or a combined SAT score of 1100, and ranked in the upper quarter of the high school

graduating class. Those receiving Merit Awards are Roger Barratt, Irwin, Ia.; Nancy Behrends, Elk Creek, Ne.; Diane Bradley, Lincoln; Christina Brown, Omaha; Kent Day, Sioux Falls, S.D.; Paul Johnson, Carnegie, Pa.; Kristine Krohn, Brush, Co.; Barry Olson, Minnetonka, Mn.; William Plymale, Omaha; Dawn Qualley, Tekamah; and Janet Walth, St. Paul, Ne.

## NOTES FROM PARNASSUS

Monday, December 4, 4:00, 7:30 and 8:30 p.m.:

The film, "An Evening with the Royal Ballet," will be shown in DHA.

Thursday, December 7, 4:00 p.m.:

Candi Wild will speak about her summer spent in Cambridge, England.

Masterpieces of Christmas Art, a collection of prints from works of many artists, will be on display in Parnassus.

## LETTERS TO THE EDITORS Who Needs Nuclear Power?

By Dennis Nelson

The Omaha Public Power District (OPPD) is having "open house" at their Ft. Calhoun Nuclear Powerplant this Saturday and Sunday from 9 a.m. to 5 p.m. They will probably say that the plant (to produce electricity) is "safe, clean, and reliable -- a good neighbor."

However, there is a darker side:

Nuclear plants are called "clean" because you can't see the radioactivity (pollution) that's always emitted.

Nukes are perfectly "safe," the argument goes, as long as most of their radioactivity is always confined. Well, rattlesnakes are harmless -- unless, of course, they bite. (There is no accident-proof industry, and always, is a long, long time.)

Comment: These should leave OPPD speechless.

A serious nuclear accident could release as much radioactive poison as 1,000 Hiroshima-type bombs, kill 3,400 people, injure 43,000, and cause up to seven billion dollars in property damage.

Query: Aren't you thrilled that this reactor is close to Blair and, as a result, Dana College?

Finally, is it a coincidence that OPPD's nuclear propaganda play is coming before the hearings, beginning on December 11 in Omaha, that will decide if the plant will get an operating license?

Ed. Note:

If you have any misgivings about radiation and thermal pollution and wish to help neutralize their "propaganda", come to a meeting sponsored by the Environmental Studies Seminar at 4:00 p.m. today in DHA.

## Interim Internship

Brad Schweer will be the prelaw intern, during January 1973, with the Standard Oil Company's patent law office in Cleveland, Ohio. Mr. Herb Knudsen, a Dana alumnus and a patent attorney in this office, collaborated with Mr. Niel Johnson, Dana's pre-law advisor, in setting up this project.

# EDITORIALS

The Christmas season is almost upon us, and plans for decorations have been made. Each of the dorms, the Center, and the Library will get a Christmas tree. Wreaths and lights will be placed at various locations around campus. PLEASE leave these in place and do not rip them off. The administration still hasn't forgotten the flags.

## Fifteen Students To National "Who's Who"

Fifteen Dana seniors will be included in the 1972-73 edition of Who's Who Among Students in American Universities and Colleges.

Who's Who is a national publication containing biographic sketches of selected American students who have maintained high scholarship and served as student leaders on their respective campuses. A certificate of merit will be presented to each of the fifteen Dana students before graduating in the spring.

Those included are: Joel Bohling of Auburn, Nebraska; Lavon Bohling of Auburn, Nebraska; Jolene Bundt of Walthill, Nebraska; Cheryl Harris of Onawa, Iowa; Jane Hendrick of Omaha, Nebraska; Cynthia Homes of Blair, Nebraska; Timothy Kuiken of Atlantic, Iowa; Gale Madsen of Luck, Wisconsin; James Musick, Blair, Nebraska; Kaj Neve, Tokyo, Japan; Warren Nielsen, Omaha, Nebraska; Steven Schou, Albert Lea, Minnesota; Daniel Smith, Norwalk, Ohio; Mrs. Jacquelin Koehn Smith, Norwalk, Ohio; Candy Wild, Royal, Iowa.

## "IMPACT" ON EDUCATION

Impact, a new student education publication, is now available to all Dana SEA members. Volume 1, Number 1, has first been placed on the hat rack at the north end of the first floor in the Center. With an interestingly new format and new columns on books and publications, the magazine promises to be an exciting addition to SEA membership benefits.

## SAM Elections

Mr. Arthur Anderson was the guest speaker for the last regularly scheduled SAM meeting held November 27. Mr. Anderson is currently heading up two new self-started manufacturing firms.

A reminder to all SAM members: There will be a meeting December 12 at 7:30 p.m. in the President's Room. At this meeting, officers will be elected for 1973.

## Senate Forum

Instead of just one Christmas tree being put up in the center this year, smaller trees will be brought to each of the dorms this coming Saturday. It will then be left up to the residents of that dorm to decorate their tree.

Jane Nielsen and Diane Bradley were approved to head Human Rights and Concerns for the remainder of the semester.

Motion (John Kuehl) I move that cigarette machines be put in dorm lounges. Motion passed.

Motion (Pat Tripp) I move that \$396.80 be appropriated to open recreation and that these funds come from the balance of the Senate's second semester budget of 1972. Motion passed.

Motion (Tom Nielsen) I move that beginning in Interim and including second semester of the academic year, freshmen girls hours be the same as the other girls dorm hours. Motion passed.

Motion (John Tjomsland) I move that lounges be open in boy's dorms 24 hours a day, and in girls' dorms open as long as the doors are unlocked. Motion passed.

# Ombudsman

Dear Ombudsman,  
Where is the Christmas tree in the center? Is there one this year?

Signed, X-

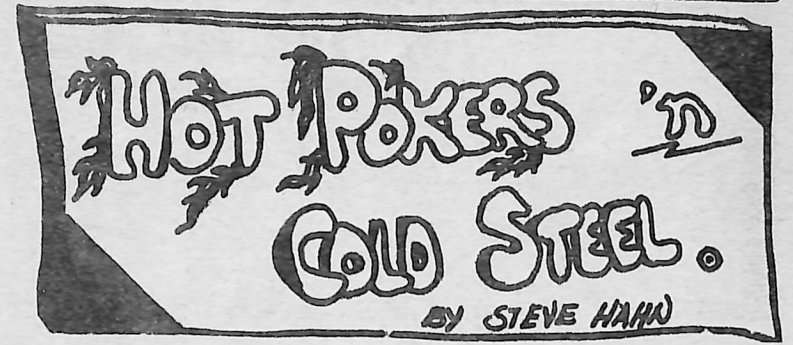

Dear S-,  
This year the big tree with the traditional Danish trimmings is in Parnassus. Smaller trees will be placed in the dormitories, the library, and the center. Each dorm will decorate its own tree to their preference. The library staff will decorate their tree and the tree in the center will supposedly be decorated by the Student Senate.

Signed, Ombudsman

Dear Ombudsman,  
Why isn't the Dragon's Head selling ice cream, cones, shakes, etc. this year?

Signed, Miss Dairy Queen '72

Dear Miss Dairy Queen '72,  
Last year the Dragon's Head did not sell enough ice cream to make it worth the operation. The machine did not dispense the ice cream mix fast enough to keep it fresh. Consequently the service has been discontinued. The idea of placing the machine in the cafeteria for student meals is

bless the beast. . . .  
and bless us all, everyone\$

The tall, thin four guide sighed an obvious "Ah" of aesthetic appreciation as our bus wound its way up the hill to the campus. "Sheesh!" I thought, as I surveyed the Neo-Monolithic architecture, which was patched in with slabs of sidewalk and expanses of finely trampled lawn. Here it was that I first noted a strange pattern of idiosyncracies on the fair campus. For the students were obviously ignoring the sidewalks and treading with measured beat upon the grass. Fie! I meekly inquired of the guide to explain this rude and insensitive custom.

"Well," he wheezed in a disgusting nasal tone, "it's a time-honored tradition here. Students compete to see who can mutilate the most plants. Charming, wouldn't you say?"

Absolutely, I thought, as I surveyed the boggy wallows which ran across the landscape. Charming enough to suit a hog.

"Are there any other quaint customs?" I queried.

"Oh, indeed. Some charming ones at that. Absolutely chah-ming," he gushed. "the students here are also adept at littering. Note the fine heap over here to

our right as we pass the Campus Center."

At first, I must confess, I didn't know whether he meant the litter or the quasi-washtub shape which seemed to be the building. But my observant eye soon took in the sight of trash which had been dropped here and there about the Center. Evidently the large metal container by the door was a noted art piece instead of the trash can, it resembled. Very avant-garde.

"I do wish we could go inside the Center and see the mailboxes which have been ripped out," our erstwhile leader ejaculated. "It's another favorite past time. And of course I must mention flag-stealing. Isn't that so quaint and chah-ming?"

It was all I could do to keep from making a desperate lunge at the sick bag, but being a civilized man and remembering "mind over matter," I resisted successfully.

And the bus droned ahead as the tour guide nasally guided us down the hill, while the rosy glow of the autumnal sunset was mirrored on the beer cans, mud puddles and the massive walls of the Neo-Monolithic buildings.

presently being considered.  
Signed, Ombudsman

Dear Ombudsman,  
Is there a possibility of P.E. being made into a pass/fail Course? I shudder to think what my P.E. grade is going to do to my grade point average.

Signed, Unco-ordinated and failing

Dear Unco-ordinated and failing,  
Last year I received a similiar letter. Dean Christiansen informed me that the students should show a strong support for pass/fail P.E. in the form of a petition or some method that will show a large following. Then present this to the physical education faculty. If they will not act on it, it should be taken to the Education Plans and Policies Committee through a student representative. The student, it appears, must take the initiative.

Signed, Ombudsman

Dear Ombudsman,  
I am writing this letter in the heat of passion. I was studying in

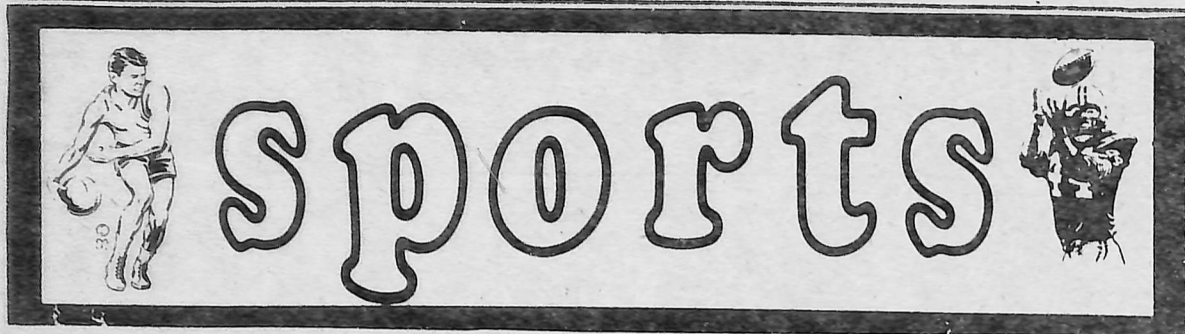

the library five minutes ago. Then - low and behold - along came that insidious monster from which the most vulgar of noises comes forth -- the local vacuum cleaner! I was forced to retreat. Finding that the other side of the library provided no escape from the ruckus, I was forced to retreat to my dorm, which as anybody knows, is not the most conducive place towards studying. To put it bluntly. . . something has to be done about that bloody vacuum cleaner!

Signed, Shnocked

Dear Shnocked,  
As was printed in the February 11, 1972 issue of the Hermes, a similiar Ombudsman question concerning the library's vacuum cleaner was answered.

The cleaning woman in the library is only hired for part-time. She must also clean AMA and Blair Hall and can only vacuum during open hours. Mr. Johnson and the cleaning woman have asked maintenance for a quieter vacuum cleaner but they have failed to respond.

Signed, Ombudsman

# Sports

## Solid Viking Squad Predicts Good Season

As the Dana College cagers enter the 1972-73 season, Coach Jerry Rainforth has expressed his optimism concerning this year's squad and has stated he sees no reason why the team should not improve very markedly on last year's disappointing 8-18 record.

Despite the loss of 'floor general' Tom Lauritsen, who chose to take up law at Creighton University this year, and Gary Kratina, a frontliner

who had scored 240 points in his Dana career, the Vike squad looks well balanced in both scoring potential and rebounding departments.

Key returnees to this year's squad are: Gary Bott, a 6'6" senior who has scored 412 points and captured 486 rebounds in three years; Terry Miner, a 6'6" senior with 820 points and 525 rebounds; Bryan Traylor, a 6'2" junior, with 542 points and 197 rebounds in two year.

Returning guards, Dennis Riley, Ed Johnson, Jerry Wilson and Steve Wiotock, all four displaying good quickness and fine defensive ability should give stability to the Viking backcourt entourage.

Promising freshmen on this year's squad include 6'4" Dave Vallinch, 6'4" Barry Olson, 6' 1 1/2" Jim Larsen, and 5' 11" Steve Forney.

## In December NIAC Tourney To Be At Dana

The NIAC Conference basketball Tournament will be at Dana College in Blair this year. The dates of the tourney have been set for Thursday, Friday, and Saturday, December 7th, 8th, and 9th.

Teams included in the tournament will be Doane, J. F. K., Concordia, Dana, Hastings, Midland, Bellevue and Nebraska Wesleyan.

## Final District Football Statistics Are Revealed

Final District 11 football statistics were released today by the district publicity committee.

In team comparisons, offensively, Kearney led with a 368 yards per game average. The Antelopes rushed the most times and gained the most yards - 493-2248 - even tho playing 9 games while other teams played 10 contests. The Doane Tigers led in passing offense - 2044 yards in 109 completions. Midland was second in rushing and Hastings second in passing. Kearney's passers had only 8 interceptions in the 9 games.

Defensively, Chadron was team leader. The Eagles held their opponents to 164.4 yards per game. They allowed 67 yards on the ground (Doane was a close second - 70.1) while Hastings had the best pass defense - 94.0 yards. Wayne was second (96.2) and Chadron third (97.4).

Kearney and UN-Omaha each swiped 22 enemy passes - Wayne allowed only 60 completions to lead.

Randy Pospishil, Concordia, edged past Bill Porter of Midland in the rushing competition (120.5-117.0). Charlie McWhorter, UN-Omaha, carried 243 times, nearly 70 times more than any other back in Nebraska.

Doane's quarterbacks Sigeo and King led in yards completed passing. Lee Baumann of Chadron was third. All three men averaged over 100 yards per game. The Tiger's King completed 70 passes to lead.

John Green of Doane caught 86.7 yards of passes per game to edge John Winkel of Peru for the

pass receiving title. Green caught 42 passes to 34 for Winkel.

Kirk Park of Wayne led punting all fall and is the season leader with a 39 yard per kick average.

Bill Porter of Midland scored 96 points to edge McWhorter of UN-Omaha who had 90.

District 11 football teams will be chosen by the coaches at a meeting at Kearney Monday night (Nov. 20). Claire Boroff, Kearney, is chairman of the grid coaches. Announcement of the team will be made at mid-week.

In defensive action the Dana College team was in eighth place in the District. Dana defensive crews allowed 146.9 yards per game in carries and 154.4 yards per game in passing.

In offense the Dana team was in tenth place as they averaged 139.5 yards in rushing and 72.5 average in passing.

Blair's Mike Thompson was sixth in the League in Rushing; Mike went 279 yards in 56 carries for 69.8 per game. Dana's Mike Brade was 11th in the league in passing. Mike averaged 49.3 yards. John Escher was the pass receiver in tenth place in the league. Escher has 31.2 yard average including three TD completions.

In the punting department Dana's Steve Wiotock was in 11th place with a 31.8 average. In punt return Steve Wiotock, of Dana, was in fourth place with an average of 17.0 yards.

Dana's Bill Porter led the Division in scoring. Porter made 16 TDs for a total of 96 points to lead the League.

Dana's final Conference win-loss record was 0-5 with an overall season record of 2-7.

## Lights Smashed On Car In Dana Parking Lot

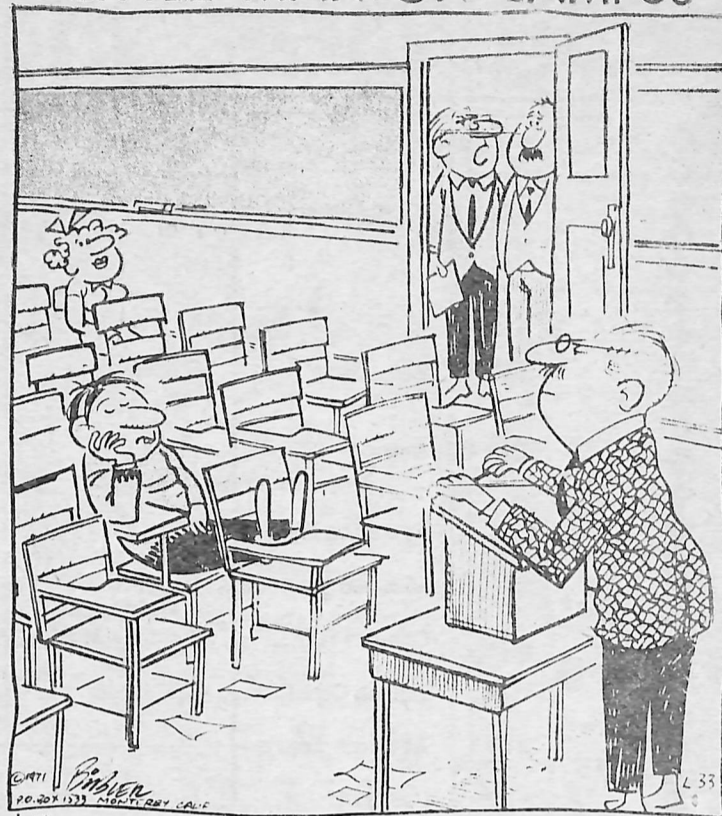

About 3:36 a.m. Saturday morning, Blair police noticed a Chevrolet sedan parked at 27th and Nebraska Streets, where it was blocking one lane of traffic. The vehicle was unlocked and the keys were in it.

The auto was registered to Charles Corbin of Craig. A telephone call to the Corbin residence brought the information that the auto was sitting in the Dana College parking lot and that it would not start.

While on the same patrol, police noted another car in the Dana lot with only the license plate light on. Inspection showed that all four headlights and the tail lights had been broken out.

## grants granted

Dana will share in a grant made to the Nebraska Independent College Foundation, Inc., by the S and H Foundation, Inc.

The grant is part of a \$43,000 gift to the 40 state and regional associations of the Independent College Funds of America Foundation, according to Howard B. Dooley, president of the Nebraska chapter. This is the 13th consecutive year that S and H has made such a grant, he added.

The S and H Foundation is sponsored by The Sperry and Hutchinson Company, a diversified corporation best known for its S and H Green Stamps. The annual ICFA grant is part of the S and H Foundation's regular program of aid to education, which includes a range of scholarships, lectureships, matching contributions and other gifts to higher education.

Dana has been awarded a grant by Sears Roebuck Co. in the amount of \$1,300.00 according to an announcement by Dr. Mezoff.

Mezoff reports that \$1,000 of the grant will be used as an unrestricted gift with the balance of \$300, earmarked for library acquisitions.

The grant from the Sears Roebuck Foundation is a part of their continuing program of support of higher education.

## 6 From Blair In Dana Mid-Year Commencement

Six students from Blair and Washington County will be among the mid-year graduates from Dana College on Sunday, December 10th, it has been revealed. Dana will graduate a total of 18 seniors at their second mid-year ceremony.

The informal commencement program is scheduled for 2 p.m. in the Doctor's Auditorium of the C. A. Dana Hall of Science and is open to the public. Dana President Earl R. Mezoff will award the degrees and speak briefly to the graduates and their families.

The local graduates in the mid-year list are as follows:

Mrs. Sharon Hansen Davis, daughter of Mr. and Mrs. Andrew C. Hansen of Ft. Calhoun. She will receive a Bachelor of Arts degree with a major in sociology.

Mrs. Shirley Emmerich, of 155 South 25th street, Blair, will receive a Bachelor of Science Degree in elementary education and psychology.

Mrs. Jeanette J. Faust of 253 N. 23rd street, Blair, will receive a Bachelor of Science Degree in elementary education and Psychology.

Mr. Steve Gross, son of Mr. and Mrs. Frank Gross, 1141 Nebraska Street, Blair, will receive a Bachelor of Science degree with a major in music.
