GREETINGS: The summer is rapidly passing, and I send you greetings from The Archive. It is good to have you be a part of a group of people concerned with the collection and preservation of materials - directly and remotely - related to our Danish heritage. Thank you.

DEATHS: During the past three months covered by these JOTTINGS three very loyal archive supporters have died. They are pastors James Olsen of Loveland, Colorado, and Alvin Petersen of Lincoln, Nebraska, and my sister, Luella K. Nielsen of Albert Lea, Minnesota, and Blair, Nebraska. Luella was also an archive volunteer and served as our necrologist, recording and filing the obituaries that we received. We will miss all three and extend our sincere sympathy to the families of each.

VOLUNTEER WEEK: The autumn volunteer week is October 13-17, immediately following Dana's homecoming. Again, if you plan to be a volunteer that week, we need to know in advance both for reserving campus housing and for arranging appropriate archive work. Since campus housing is limited, only those who make early requests can be housed. Others will have to make their own arrangements. I, also, need to know who is coming so that I can arrange suitable work. A special for the week will be a luncheon at the home of Phil and Florence Larsen. In order to facilitate housing and archive work please notify Dody as soon as possible about your plans. Her address is Dolores Johnson, 3352 Hanover Ct., Iowa City, IA 52245. Her e-mail is dodyrj@aol.com. Please keep her informed, also, of any changes that may occur in your plans so that she can relay that information to me.

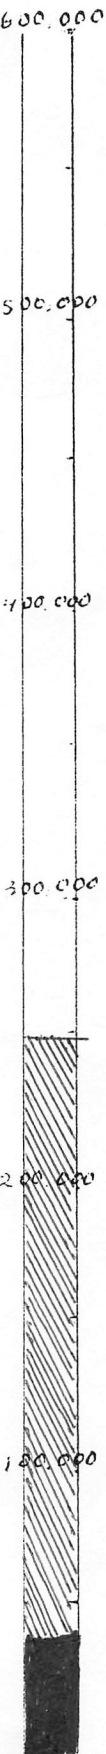

SYMPATHY: We extend our sympathy to Tine Rosengreen Pallisgaard, the most recent Bodtker Grant recipient who did research in The Archive from March to June. Her father who was dying of cancer lived until her return to Denmark. He died in July.

CONGRATULATIONS: Torben Tvorup Christensen, the first Bodtker Grant recipient, has been awarded the master's degree in history from the University of Aalborg. His dissertation was based largely on work that he did with the Jorgensen collection here in The Archive.

ANTICIPATION: We are pleased to announce that the Archive Residency Program will be continued next year, and best of all, Birgit Flemming Larsen has again accepted an appointment to the position. It should be noted that Birgit pays for her flight which makes the whole thing possible. She plans to be in The Archive from January to April and will continue with a project of cataloging the collections. The work that she initiated is being entered on the computer and will soon be available worldwide. Since her return to Denmark in April, she has assumed further responsibilities including a position that takes her to Copenhagen each month.

NANNIE F.: Benny Boysen, one of our archive supporters in Denmark, has written a valuable and interesting account of Ane Frølund who came to Nebraska in 1890. There she married Andrew Petersen and became known as "Nannie F." Petersen. The book is rich in immigrant information and is illustrated with old and, in some cases, rare photographs. Its one draw-

(over)

back for many people is that it is written in Danish. The Danish reader, however, will experience delightful insights into the life of a Danish immigrant family. The book sells for \$20.00 and is available through Lur Publications, so you can order through the Archive.

GIFTS: From time to time the Archive is the recipient of special useful gifts ranging from coffee and tea to erasable pens and typewriter ribbons. We are grateful for all of these thoughtful and helpful items even though we fail to acknowledge them publicly. Recently two, somewhat larger items, have been presented to us. The first is a paper shredder from Bee Krantz. This will be helpful in destroying credit card numbers that have been given to us. The second is a computer printer that is being purchased with restricted funds from Roger and Marilyn Hanson of Cedar Falls. Thank you, everybody.

MARKETING ASSISTANCE: During the fall months Jasan Gunderson, a Dana senior, will be developing sales and promotional techniques for Lur Publica-

tions. Jasan will be doing this as a part of an independent project in connection with his business major.

ACQUISITIONS: Once again I am impressed with the amount and quality of the material that we have received during the past quarter. If you have perused the preceding acknowledgments, you will be aware that they cover a wide range of items. Our book collection has been greatly expanded - the Arthur and Ruth (Rasmussen) Nelson was especially impressive. Dr. Ethan Mengers' boyhood journal is priceless as are the various family histories. My mother's obituary collection of which the above is only a portion is extremely valuable. I do wish we had hundreds of individuals throughout the country doing the same. Space is gone, but my appreciation is un-ending. THANK YOU.
